PUBLIC AUCTION NO.232

FRIDAY & SATURDAY, SEPTEMBER 5-6, 2003 • 6:00 PM

THE HISTORIC STRASBURG INN • LANCASTER, PA

SMYTHE

ESTABLISHED 1880

We buy, sell, and auction the very best in Antique Stocks and Bonds, Autographs, Banknotes, Coins, Historic Americana, and Vintage Photography

TERMS OF SALE

1. **A 15% buyers charge will be added to the hammer price of each lot purchased.**

2. All bids are per lot as numbered in this catalogue.

3. Bids less than 60% of the estimate **will not be accepted.**

4. We reserve the right to withdraw any lot prior to sale.

5. All successful bidders shall be billed for postage, handling and insurance.

6. **We cannot be responsible for the loss of any merchandise shipped outside the United States.**

7. **All framed items are shipped at the purchaser's risk.**

8. SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**

9. A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10. United States coins and currency will not, in conformity with law, be opened at less than face value.

11. No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids below the low estimate will not be reduced. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer. "Cut" bids (bids at less than the regular bidding intervals) will be accepted, but they must be no less than half of the regular interval over the previous bid. Each bidder may make only one "cut" bid per lot, and if they are out bid, they may make no further bids on that lot.

12. In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13. **All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.**

14. **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

15. No minors may participate in our sales. **Agents bidding on behalf of others will be held liable if their principals fail to make payment.**

16. Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. **Credit cards will not be accepted for auction purchases.**

17. Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

18. If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgement shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19. SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.

20. In the event of dispute, the auctioneer's decision is final.

21. New York State & Pennsylvania State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22. No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23. In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24. The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25. SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26. All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27. **All material in this catalogue is unconditionally guaranteed to be genuine. We will not knowingly sell any item that has been "repaired", "restored", "processed", "cleaned", "pressed", or "conserved" in any way without disclosing those facts to the potential buyer.**

28. Agents who bid from the floor for clients should examine the lots carefully, and are reminded that no lots may be returned by floor bidders except for non-authenticity. Lots described as "repaired", "corroded", "holed", "whizzed", or like damage may not be returned for any reason except non-authenticity.

29. Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Third-party graded coins (i.e. CGA) are **sold as is, no returns.** Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it. Lots sold with the proviso 'sold as is' cannot be returned. Lots valued primarily for their bullion content may not be returned.

30. In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

31. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

32. The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale; all bid sheets must be signed by the responsible party.**

33. A $100 charge will be applied for any check that fails to clear.

Strasburg Paper Money Sale
Public Auction No. 232
Friday, September 5, 2003 - 6:00 PM
Session A - Lots 1001 - 1742

Confederate Currency

1001 $1000. A. T-1. Cr.1. No.38. NBN. **VG-F,** pressed. There are some minor repairs, and ink burn from the endorsement on the back. ***($17,500-22,500)***

In February of 1861 delegates from Florida, Georgia, Alabama, Mississippi, Louisiana and Texas established the Confederate States of America at Montgomery, Alabama. One of the first things any new nation tries to accomplish is to establish its own currency, and on March 9, 1861, over a month before Fort Sumter, the Confederate government authorized the issuance of treasury notes "...not to exceed one million dollars, and of denominations not less than fifty dollars...". An order was quietly placed with the American Bank Note Company in New York. Engraved plates were made, utilizing vignettes that were already prepared for previous customers in order to save engraving time. (Some of the vignettes were already in use on Northern notes). 607 sheets, comprised of $1000, $500, $100, and $50 bills were printed, and the notes were shipped down to Montgomery.

After Fort Sumter was fired upon, Federal authorities visited the American Bank Note Company in New York and took permanent possession of the engraved plates. Any further Confederate issues would have to be produced south of the Mason Dixon Line. The back endorsement reads "New Orleans June 5th 1861 - A. J. Guirot - Asst Treas CS". Guirot was the former treasurer of the New Orleans Mint. A further endorsement states that the note was received about a month later for $1,004.90 (principal plus interest). A difficult lot to estimate, especially in light of the record-breaking $62,500 price achieved by a $1,000 Montgomery note described as **EF-AU in our June 2003 Memphis Auction.** The current example was perfect for Chet Krause's purpose, which was to assemble a representative set of all the major types of Confederate notes.

1002 $500. A. T-2. Cr.2. No.225. NBN. **VG,** pressed, repaired. ***($15,000-20,000)***

The back endorsement states that Mcleod & Bell received the note on June 29, 1861 for $500.60. This note is also from Chet Krause's collection. A bit darker than the preceding $1000 Montgomery, and it shows more wear, but it is a nice, representative example of the first type of $500 bill issued by the Confederacy.

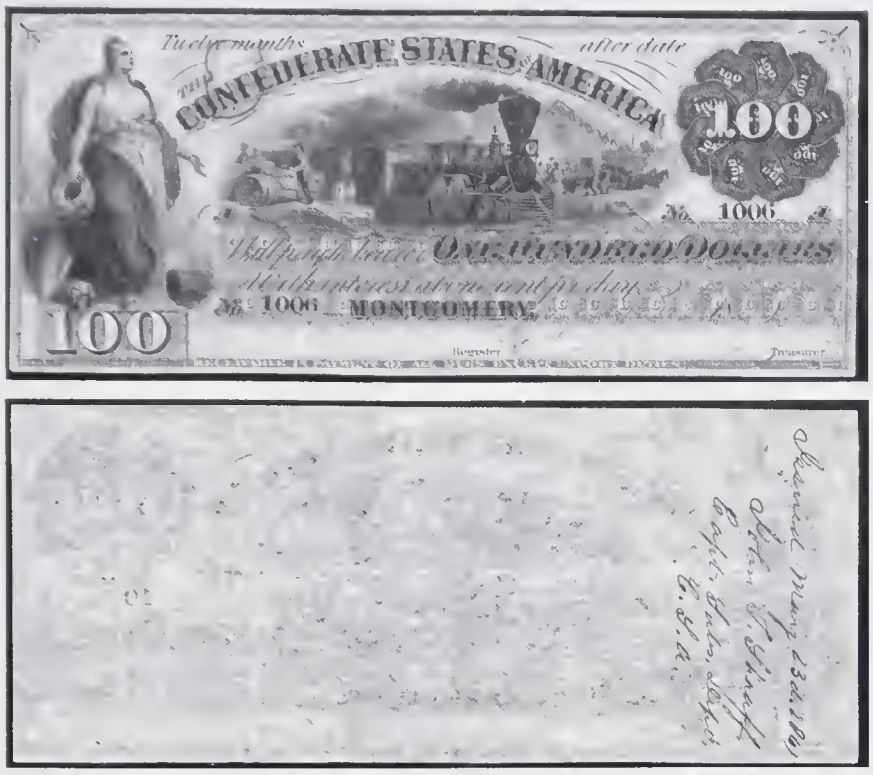
Comprehensive Catalog of Confederate Paper Money **$20.00**

By Grover C. Criswell with Douglas B. Ball, Ph.D. and Hugh Shull

Featuring illustrations from the Neil Chiappa Collection, 1996. 317pp, hard cover, illustrated. Mint.

A reference guide with rarities, values, and other useful information.

To order, call 800-622-1880.

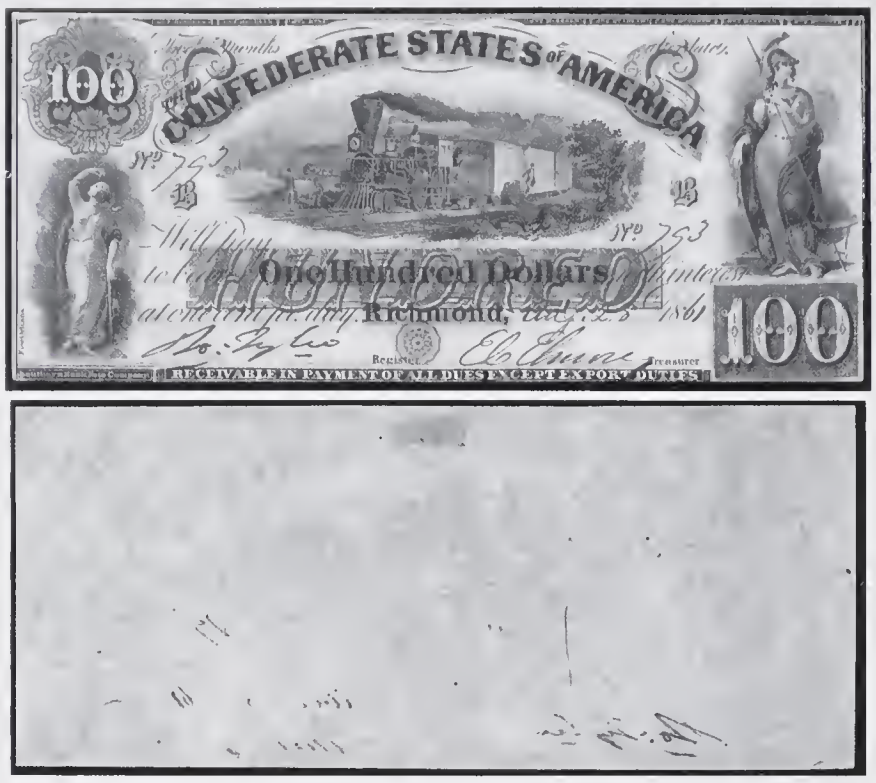


1003 **$100.** A. T-3. Cr.3. No.1006. **VF-EF,** and choice for the grade. ***($10,000-15,000)***

A bright, colorful example with very pleasing margins. At first glance, this extremely attractive note appears to be almost uncirculated, as the light folds are mainly visible from the back. You simply will not find a more attractive note in this technical grade. A few tiny, scattered pinholes are mentioned for accuracy only.

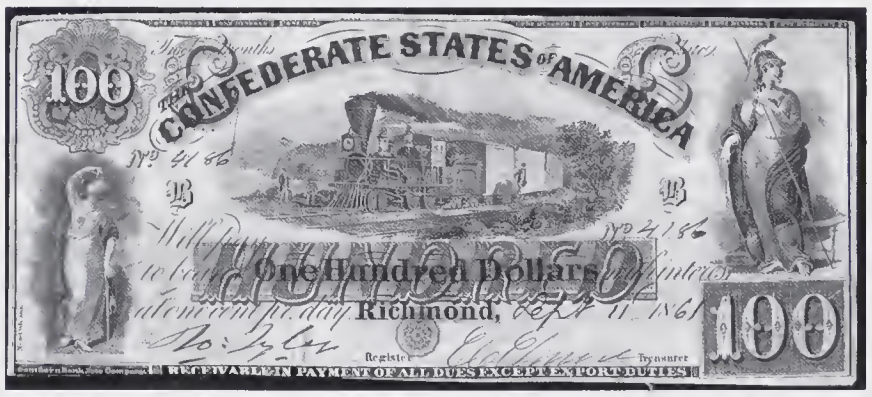
1004 **$50.** A. T-4. Cr.4. No.1140. Vivid green, with deep blue serial numbers. NBN. **F-VF,** trimmed just into the bottom border. ***($9,000-12,000)***

Issued on May 31, 1861, less than six weeks after Virginia seceded from the Union.



1005 **$100.** B. T-5. Cr.5. No.793. An attractive example with an intense green overprint. There is a stamp hinge remnant on the back, which can probably be easily removed, and is mentioned merely for accuracy. **EF,** trimmed close to the lower and right borders. ***($3,000-4,000)***

After the Federal government seized the plates for the Montgomery notes from the American Bank Note Company in New York, the Confederate Secretary of the Treasury inquired about the possibility of obtaining bank notes from the New Orleans branch. In order to side-step the political problem that would be created if the new notes were identified as a product of American Bank Note Company, the imprint of the "Southern Bank Note Company" and the words "New Orleans" were utilized on a new series of notes, and the word "RICHMOND'' replaced "MONTGOMERY'', indicating the removal of the Confederate government to the new capital city.



1006 **$100.** B. T-5. Cr.5. No.4186. SBN. **AU,** Light foxing. Vivid color, decent margins, though trimmed just into the border at the bottom. There is a hard fold, lower right. ***($3,000-5,000)***

1007 **$50.** T-6. Cr.6. No.3387. **VF-EF,** strong green color, and full borders all around. ***($2,500-3,500)***

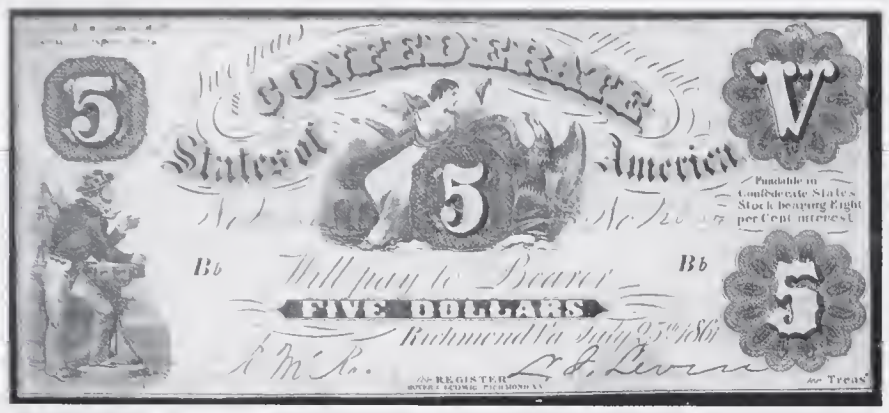
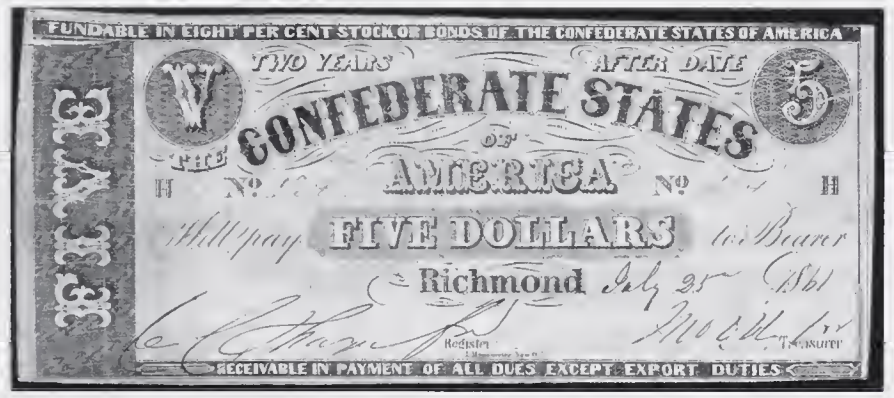
Register of the Confederate Debt **$35.00**
By Raphael P. Thian
1983. 180pp, hard cover, some illustrations. Mint.

This is a compilation of all Confederate notes and bonds, with numbers issued dates, signers and other data useful for counterfeit detection and research.

To order, call 800-622-1880.



1016 **$5.** Bb. T-11. Cr.44. No.26154. COC, repaired splits, and restored hole cancels.
($800-1,200)



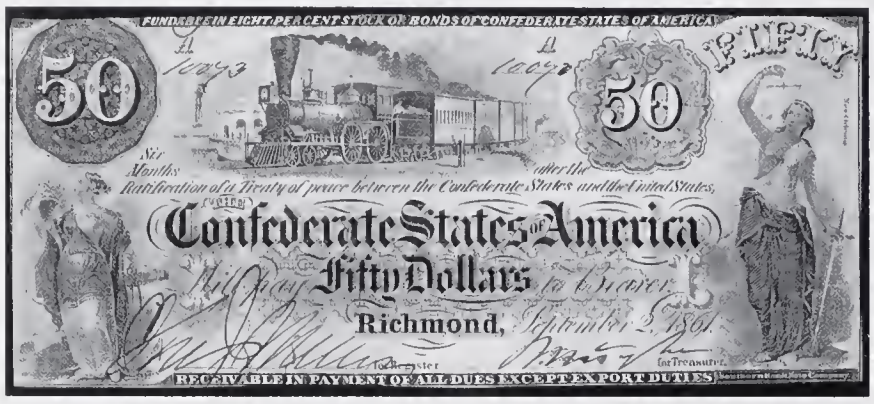
1017 **$5.** H. T-12. Cr.48. No.194. **Fine**
($3,500-4,500)

This is the first Confederate issue with a printed back. The light blue ink used on the back by Maneuvrier tended to fade badly, but this note retains most of its original color. What looks like a tear near the upper right corner is a "gutter fold", a printing void caused by the paper wrinkling during the printing process. The low serial number adds to its appeal.

1018 **$100.** A. T-13. Cr.50. No.3167. **F-VF,** with ample margins all around. Numerous horizontal folds. Light stain. ***($100-150)***

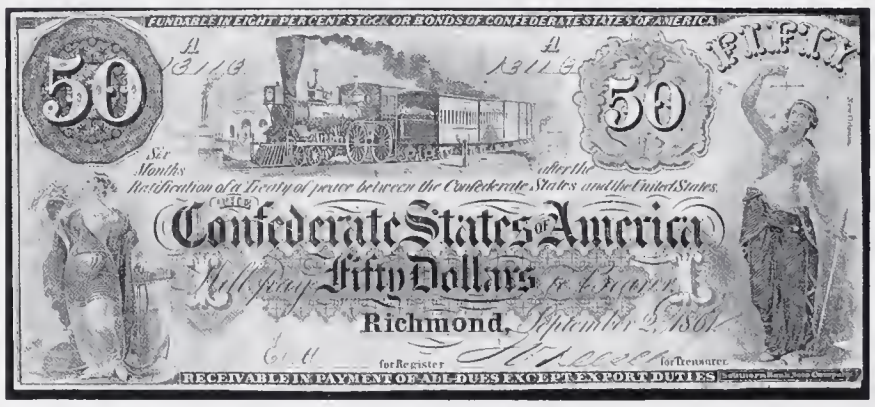
1019 $100. AD. T-13. Cr.56. No.10332. **Choice AU.**
($200-300)

1020 **$50.** A2. T-14. Cr.77. No.25068. **Uncirculated,** full borders. Crackling fresh and bright. ***($250-350)***



1021 **$50.** A. T-15. Cr.79. No.10073. Southern Bank Note. **Fine,** trimmed closely on all four sides, and just into the borders in some areas. Otherwise, quite nice for the grade. ***($4,500-5,500)***

The overprint is reddish-orange in color, and the lacy detail in the geometric lathe work is very distinct.



1022 **$50.** A. T-15. Cr.79. No.13113. The overprint is deep orange, and there are ample margins on three sides. Southern Bank Note. **Fine,** neatly cut cancelled, and the cuts are backed with stamp hinges.
($3,000-5,000)

A very attractive example of this extremely popular and elusive note.

1023 **$50.** T-16. Cr.83. **Choice AU,** with superb margins.
($600-800)

1024 **CSA Assortment.** All cut-cancelled, repaired, or with trim problems, but still quite collectible. 1) **$50.** T-16. **Fine,** CC, light stains, left. 1025 **$20.** T-17. Cr.99. No.47815. **Fine,** with a few scattered pinholes. The lovely margins and vivid color more than compensate for these minor imperfections. ***($750-1,250)***

A similar note, #61304, just 32 numbers away, brought $14,950 in our June 2003 Memphis Auction. A very difficult note to find above VF-EF, and our estimate may prove to be very conservative.

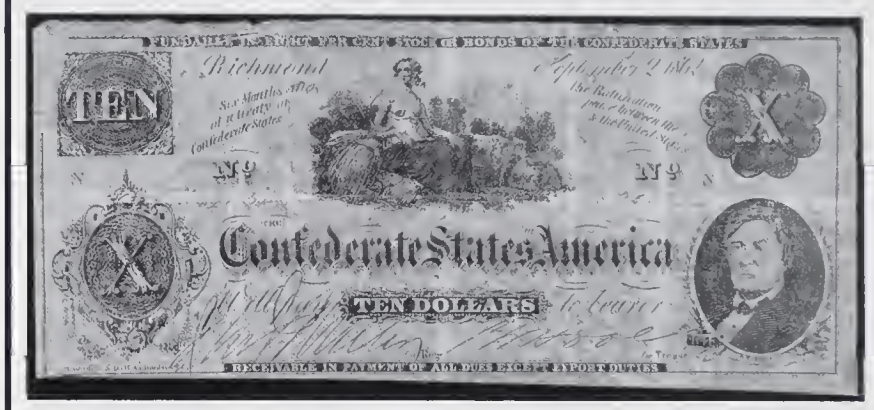
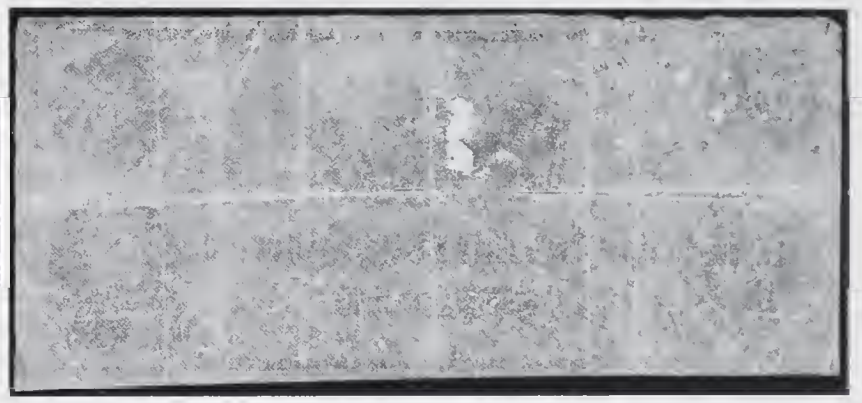
1056 **$1.** 3. T-45. Cr.342A. No.44792. **Uncirculated.** ***($1,000-1,500)***

This choice example has an intense green overprint, and the margins are superior to those on No.#44724, the T-45 that realized $1,207.50 in our Memphis 2003 Auction.





1057 **Rare $10 1862 "Essay" Note.** N. T-48. No.2050. **VF,** a paper mounting remnant on the back. Broad margins on three sides, clear margin on the fourth. ***($4,000-6,000)***

The upper left corner was folded over during printing, resulting in portions of that corner appearing on the back of the note. There is a small gutter fold through "FUNDABLE".

Controversy has swirled around the two notes known as "essays" for over one hundred years. The evidence certainly indicates they were not officially issued. There is no record of them in the Thian Register of the Confederate Debt. No respectable printer would deliver bank notes to a customer with the printer's name spelled wrong (Keatings and Ball, instead of Keatinge and Ball). No other CSA notes were printed on this particular paper. On the other hand, "essay" notes have been found in original hoards of CSA paper, proving that they were contemporary to the Confederacy, and almost every major collector of CSA currency has included the "essays" in their holdings.

The $10 denomination is scarcer than the $20 by a ratio of about three to two. The auction results in our Memphis 2003 Sale clearly support this notion. The $20 Essay in that sale, with three very light vertical folds, realized $7,762.50, while the $10, in similar grade, brought $9,487.

Please note that a 15% buyer's premium will be added to each lot purchased.

Very scarce. One of only two that we are aware of. (The other example, in very strong hands, is consecutive to this one).

Any attempt at an estimate is mere speculation as none have appeared in a public auction to our knowledge. There were no uncut sheets of 1864 hundreds in the Douglas B. Ball Collection, or in the Gene Mintz Collection, where an uncut sheet of 1864 five hundreds realized $37,375!

An outstanding rarity, and a once-in-a-lifetime opportunity for the advanced collector of CSA sheets.

1104 Interesting T-70.$2. B. T-70. Cr.567. No.82158. ***($150-250)***

"Ptd by Evans & Cogswell" near the left border. This imprint has not been reported on $2 1864 notes.The imprint is not parallel with the border design, and the base of the ampersand is below the base of the other letters, leading us to believe this is a fabrication. Printers paid a great deal of attention to their imprints as an anti-counterfeiting device. No self respecting printer would sell a product with an imperfect printer's imprint. A portion of the top of the right serial letter is missing. An interesting note that will make a very good conversation piece.

Financial Failure and Confederate Defeat **$20.00**
By Douglas B. Ball, Ph.D.
1991. 320pp, hard cover.

"Prodigiously researched and forcefully argued, Ball's work is a badly needed modern study of Confederate finance. It clearly supersedes earlier works in making it's powerful case for the impact of financial failures on Confederate Military defeat" – William L. Barney, author of Battleground for the Union. Every serious collector of Confederate fiscal documents should own this book.

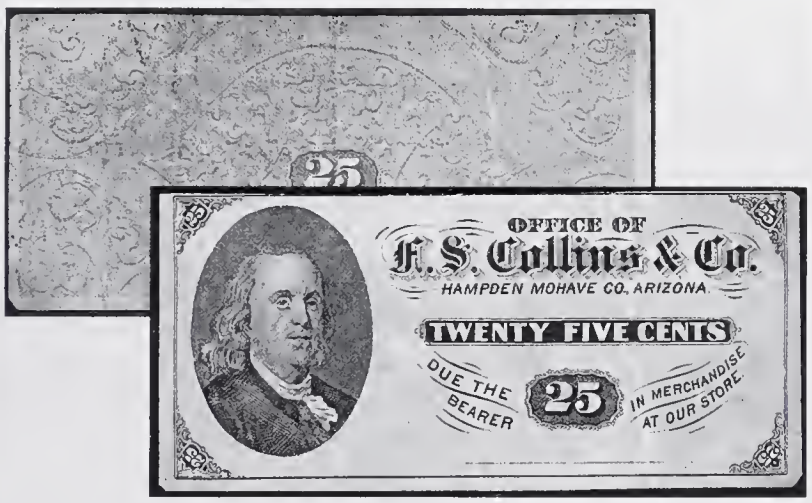
Obsolete Currency

1120 **AL.** Eufaula. Eastern Bank of Alabama. **$3.** March 15, 1860. (AL-15 G6a). This has turned into a very scarce series by the ABN with the "Sweet Potato Dinner" vignette. Excellent color and **About Very Fine.** ***($200-300)***

1121 **AL.** Selma. Bank of Selma. **$50-$100.** Late 1850's. (AL-95 G8a G10a). Green protectors. **Proprietary Modern Proof**. High denomination pair, printed on thicker paper. Stamped "Specimen" on the back and from plates by ABN. **Uncirculated,** but some incomplete inking at right. Still, a nice sheet. ***($150-300)***

Arizona Scrip Note Rarity



1122 **AZ.** Hampden, Mohave Co. F.S. Collins & Co. **25¢.** 1890's. As always, a scrip note from Arizona is an important offering. In twenty years of NASCA, NASCA-Karp and Smythe sales, we have probably handled a scant five or less Arizona obsolete notes. This diminutive note is unissued with no imprint. A fractional mimic in the style of a Stanton note, we think the 1890's is fair approximation of the period of issue. Green back with a "25" at the center. Some faint foxing and **Choice Very Fine.** An important note for the finest collection. ***($3,000-5,000)***

1123 **AR.** Helena. Exchange Bank. **$5.** Feb 29, 1861. (Rothert 279-1). A private bank, not in Haxby, but listed by Rothert. The fill in is faint and it is hard to see if it is proper. A pleasing **Fine.** ***($150-250)***

1124 **AR.** Little Rock. Cincinnati & Little Rock Slate Company. **$50-$100.** March 1, 1855. (Rothert-409 Varieties). **Proprietary Modern Proof on card**. This is a rare series, payable in New Orleans. The $50 is similar to Rothert 409-14, but is payable in New Orleans. The $100 is 409-16, but there is no protector or back. A lighter impression, nearly lithographic in quality. The plates were originally done by DW. **Choice Uncirculated.** ***($300-500)***

1125 **Early Connecticut Notes, Including Scarcities.** [3] ***($125-250)***

1) New Haven. Eagle Bank. **$5.** (CT-270 C90). A rare counterfeit note, pen canceled on the face. Bold eagle vignette. **Fine.** 2) New London. Union Bank of New London. **$1.** (CT-320 C128). A circulated note from this very important bank, which issued notes as early as 1792. Very simple in style, with arms at the upper left. Having a solid appearance with some minor cross pen cancellations. A scarce note, rarely encountered in better condition than this. **Fine**. 3) Norwich. Norwich Bank. **$5.** (CT-355 C208). Though not much of a grade, this is a very rare bank for an early note dated 1803. A small vignette of the Charter Oak is at the upper left. Some central voids from splitting, but mostly intact all the way around. The rarity counts for much on this type. **Good or so.**

1126 **CT.** Norfolk. Norfolk Bank. **$3.** Late 1850's. (CT-330 G6a). A magnificent red tinted note with horse vignette by DW. Light handling, **Choice AU.** ***($125-175)***

Important Early Whaling Vignette

1127 **CT.** Stonington. Stonington Bank. **$5.** November 4, 1822. (CT-415 C32). This is one of the most important early type notes on Pre-1825 obsolete issues. The near shore whaling vignette was custom for this coastal bank near New London, and was engraved by Reed, Stiles & Co. The only genuine examples of this type we have seen are two proofs, one from the Western Reserve Collection and now in a major whaling museum collection; the other is privately held. The counterfeiters copied this type well, and we have seen a few different plates, all with the "A" position. Fully issued. The paper quality is strong with some central pinholes. "Counterfeit" is written across the left and right. **Very Fine,** with pen cancels. ***($200-300)***

1128 Apalachicola, Florida, Obsolete Notes from the 1830's. [3] ***($150-250)***

1) Commercial Bank of Florida. **$20.** 1835. (FL-5 G12). Stamped at the left, some roughness at the left bottom edge. Close to **Fine.** 2) Same issuer. **$5.** (G32). RWH branch issue type with clipper ship vignette. Unissued. Aged, some splits and rejoined, but not all terrible. **Good.** A useful filler for a tough note. 3) Bank of West Florida. **$10.** (FL-45 G32). Spelled, "Apalachicola." Popular ten 1799 dollars vignette. **About EF.**

Payable in New Orleans

1129 FL. Apalachicola. Commercial Bank of Flordia. **$10.** April 15, 1838. (FL-5 G22 Design 10PN10B). This is a SENC note in Haxby, payable at the Bank of New Orleans. This series must be very rare, and for a type note the grade is quite nice. A minor patch of foxing, but **Very Fine plus.** A note that could bring a surprising realization. ***($300-600)***

1130 FL. Apalachicola. Commercial Bank of Flordia. **$20.** April 15, 1838. (FL-5 G26 Design PN20A). Another rarity from this payable at the Bank of New Orleans series. We can't recall having notes from this series in our sales since the Fred Werner Collection, Memphis 1989. A strip of hinge tape backs the signature area, but fully **Fine plus.** ***($300-600)***

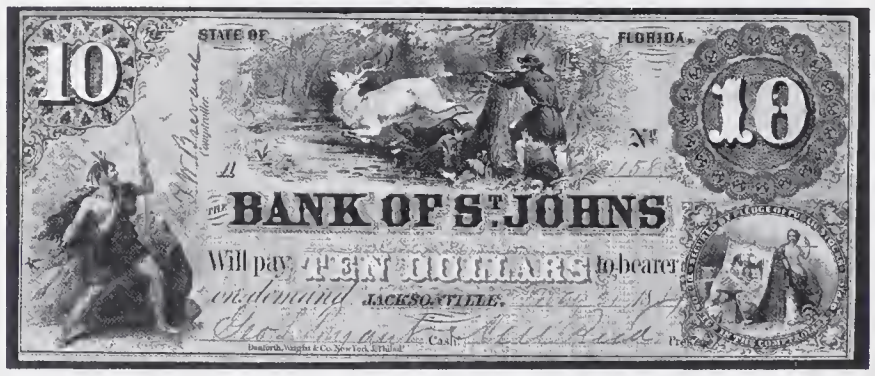
1131 FL. Apalachicola. Commercial Bank of Florida. **$20.** 1835. (FL-5 G14). A scarcer Florida bank and an attractive Charles Toppan imprinted type. Fully issued and a nice **VF,** with some petty pinholes. ***($150-250)***

1132 Florida, 1830's Obsolete Note Pair. [2] ***($225-325)***

1) Apalachicola. Commercial Bank of Florida. **$10.** Dec.1, 1833. (FL-5 G12). **Fine,** a minor top edge repair. 2) Pensacola . Bank of Pensacola. **$3.** May 4, 1833. (FL-50 G12). Single check letter. Modest soiling, but **Fine.**

1133 Bank of Jacksonville Notes from the Late 1830's. [3] ***($300-500)***

1) Jacksonville. Bank of Jacksonville. **$1.** (FL-25 G2). Late 1830's. Ships. Signed, but not dated. **Choice AU,** but with a "New England" cut. 2) Same series. **$3.** (G6). Train. Unissued. **EF.** 3) Same series. **$5.** (G8). Pensive Indian. unissued. **Fine** or a bit better, very minor foxing at the center. These were printed by NEBN, (explains the "New England" cut) and are beautiful notes. Very hard to find now.



1134 Jacksonville, Bank of St. John's Red Color Tinted Notes by Danforth, Wright & Co. [2] ***($350-500)***

1) Jacksonville. Bank of St. Johns. **$5.** 1860. (FL-30 G2b). With the ABN monogram. Cotton boll at the center. **Fine to Very Fine,** but with very sharp color for the grade. 2) Same series. **$10.** 1859. (G4a). No monogram. Hunting scene. Superb style and red color tint. **Choice Very Fine,** but looks a grade higher. All color tinted notes are now in strong demand, and the supply is low.

At fist glance, it appears to be gem uncirculated, however there are two hard to detect vertical folds. Tough not to call this **Choice Almost Uncirculated,** despite two folds. 1202 **ME.** Kennebunk. Ocean Bank. **$5.** Late 1850's. (ME-375 G-8). **Proprietary Modern Proof on card**. A desirable location for any obsolete note item. A beautiful plate design by DW. **Gem Uncirculated.** ***($300-600)***

1203 **MD.** Baltimore. Chesapeake Bank. **$50-$100.** Early 1860's. (MD-20 G24a SENC G32a). Green protectors. **Proprietary Modern Proof on card**. A rare bank in any form. "Santa Claus" note from well done CFT plate. The vignette is clear, but a large chunk off the lower right corner. An acceptable filler for what would be a $350 note intact.

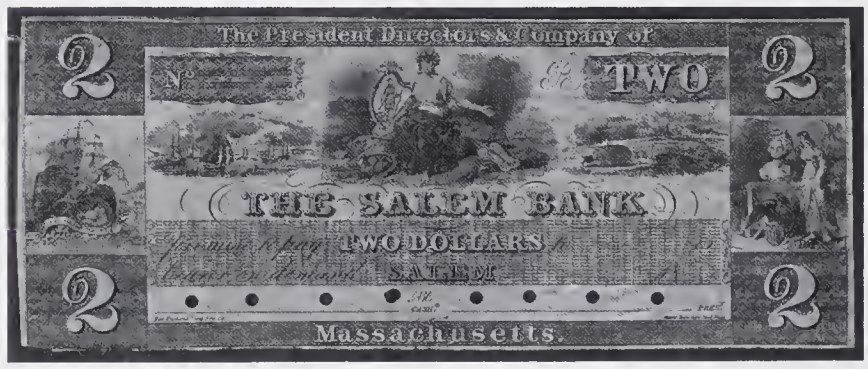
1207 **MA.** Salem. Salem Bank. **$8.** Nov. 1, 1803. (MA-1130 C120). An important, early type from Massachusetts. The design is simple, like most of the period notes. A superior and unusual early American note. **Choice Extremely Fine,** with pen cancels. ***($450-650)***

Red Color Paper "Specimen"



1208 **MA.** Salem. Salem Bank. **$2.** Late 1850's. (MA-1130 G62a SENC). **'Proof' Specimen Note on Red Color Paper**. This example came from the New England Banknote Company archives (our Memphis 2000 Sale) and is printed on light red banknote grade paper. This note is unique to our knowledge in this form, and is from a rare series of notes. The plates were designed earlier, but printed later with the 'ABC' monogram present. A real beauty that would be superb except for some slight wrinkling from its dismount from the old archive book. Meaningless when you factor the rarity and beauty. **Choice Uncirculated,** with small POC. ***($750-1,250)***

1209 **MI.** Ann-Arbor. Bank of Washtenaw. **$1-$1-$2-$3.** Late 1830's. 1214 **MS.** Canton. Citizens' Bank of Madison County. **$10.** 1838. (MS-30 G32). Quite a scarce "One Day" Post Note. The Mississippi banks of this era were especially suspect. 1218 **MO.** Jefferson City. Union Military Bond. **$1.** 1863. (Cr. UG11). This is a rare series of bond scrip. ($150-250)

1) Kansas City. City of Kansas. **$1.** City Warrant. Late 1860's by ABN. Green tint and back. Superb style, but rarely seen in high grade. That is a shame, since this is a beautiful design. Unissued. **VF, s**ome voids and trim problems. 3) St. Louis. Terre Haute, Alton & St. Louis RR Co. **$10.** 1839. Lithographed. **VF,** but scattered foxing.

1221 **MO.** St. Louis. Amos H. Shultz, Sligo Book Store. **100.** (Vlack 1830). A nice ad note from Missouri with a distinctive style. Indian top center and Washington at lower right. Some minor foxing spots, but close to **EF.**

1223 Helena. Peoples National Bank of Helena, Montana. **$5-$10-$20-$50.** 1870's. Light brown frame and protector. **Proprietary Modern Proof on card.** A face proof only sheet with brown tint instead of the deep issue orange. Lot 1228

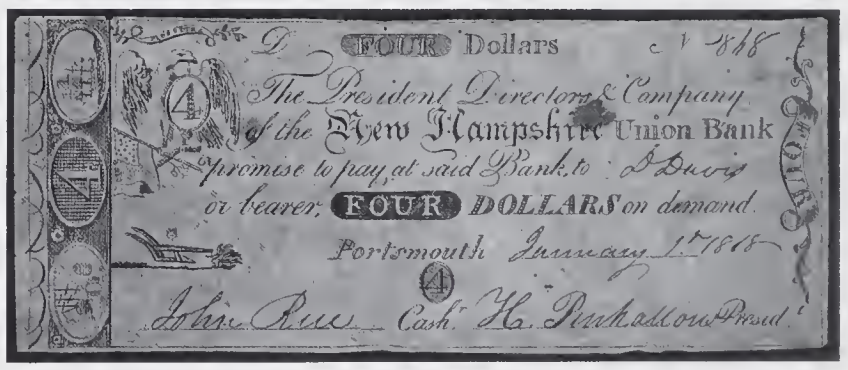
1228 **NH.** Dover. Dover Bank. **$5-$5-$5-$10.** 1820's-30's. (NH-60 G28 (3), G32). **Proof** on India paper. The $10 on this bank is SENC. This proof sheet has the title block cut out and is mounted on card stock. There are traces of rust from the printing. If not for the rust, we would think the bank used this for counterfeit detection. The rust seems to point to the plates being in private hands. However, the India paper proof on card process is very professional. This is quite an intriguing proof item. **AU.** ***($400-800)***

1229 **NH.** Newport. Sugar River Bank. **$3.** Late 1850's. (NH-235,-6). **Proprietary Modern Proof**. A gorgeous three with full length vignette. Stamped only 'SPECIMEN' in red on the back. A bold and vivid impression from the plates done by DW. **Gem Uncirculated.** ***($250-500)***

Important Portsmouth $4 Note



1230 **NH.** Portsmouth. New Hampshire Union Bank. **$4.** January 1, 1818. (NH-275 C44). New Hampshire obsolete notes have always been well collected and in demand. This note combines many great attributes. It is from the important commercial center of the period - Portsmouth. It has a nice design with several elements balanced at the left. Strong paper quality with a small spot on the title and some pinholes. **Fine plus.** ***($450-650)***

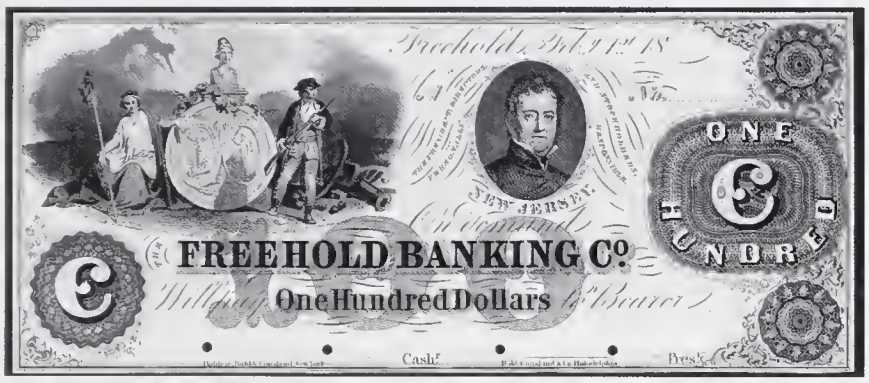
At the left a mining scene. Although once readily available ten years ago, these have gone into collections and stayed there. This plate position 'B' proof has a hard to detect repair, otherwise gorgeous appearance. There is no ABNCo stamp bleed through. **Choice AU.** ***($250-350)***



1233 **NJ.** Freehold. Freehold Banking Co. **$100.** Feb. 1, 1850's. (MA-1085 G14). Red protector. **Proof** on India paper. Listed as SENC in Haxby (since it was unknown to the authors in 1988). 1237 **NY.** Ithaca. Tompkins County Bank. **$5.** Late 1830's. (NY-1085 G6). A super note which is fully genuine from a bank which eventually became a National Bank. There is even a bank president's signature! There is a faint area at the left edge of pink staining, hardly noticeable and trivial compared to the rarity of this note. **Choice AU.** ***($250-350)***

1238 **NY.** New York. East River Bank. **$1.** Late 1850's. (NY-1570 G2 SENC). Full orange tint. **Proof** on India paper. A superb vignette, custom to the note. If not for the ABN archive proofs, this design would not be available. The color is vivid and there are some hard to see, short edge tears. Otherwise, **Uncirculated.** ***($175-275)***

Classical Reed Proof

1239 **NY.** New York. Mechanics Bank in the City of New York. **$3.** Early 1820's. (NY-1720 G46). **Proof** on India paper. A beautiful Abner Reed proof note printed on yellow laid paper with his imprint at the bottom. Allegory of printing at the top center, another fine Reed creation. This example came from the first NASCA Abner Reed Sale in 1983 and later was in Ellis Edlow's New York collection. A beauty with classical style and rarity. **Choice Uncirculated.** ***($450-650)***

1240 **NY.** New York. New York County Bank. **$5.** Late 1850's. (NY-1805 G6). **Proof** on India paper. A New York City bank, whose proofs were virtually unknown prior to the ABN offerings. No tint and with the imprint of Bald, Cousland & Co., New York. New York arms at center, with a minuteman at the lower left. A very minor flaw on one POC and lightly stamped by ABN. **Choice AU.** ***($125-175)***

1241 **NY.** New York. Phenix Bank. **$1.** Early 1820's. (NY-1880 G10). **Proof** on card. A phoenix vignette as executed by Reed and printed on thick white card. This proof was once part of the Western Reserve Historical Society collection and sold as part of Lot 667. There is some light foxing, but it is still quite a handsome example. **Uncirculated.** ***($275-375)***

1242 **NY.** Troy. Market Bank of Troy. **$10.** September 1, 1853. (NY-2710 R20). This is a genuine $1 note (G2a) raised in several places to a $10 note. This is a well engraved note by Danforth, Wright & Co. The corner raising is crude, but as made. Presentable for the deception that was intended and a rare item. **Good.** ***($75-125)***

1243 **NY.** Whitehall. Northern Transportation Line. **$1.** March 4, 1841. (Harris H31; R6). A banknote sized scrip, not quite a Rarity 6 as Harris lists, but tough. Even circulation and a pleasant **Fine.** ***($175-275)***

1244 **NY.** Whitehall. Northern Transporation Line. **$3.** March 4, 1841. (Harris H36; R6). This denomination is probably closer to R6 than the $1. Some folded over edges, but **Fine.** ***($225-350)***

1245 **Whitehall Area, New York Scrip Scarcities.** [4] ***($200-400)***

1) Comstock's Landing. E. W. Harrigan & Co., pay at the Bank of Whitehall. **10 cents.** (Harris H5). Red protector with U.S. coins. Unissued, with a false fill in. **VF.** 2-3) Whitehall. Northern Transportation Line. **$1, $3.** (H31, H36). 1841. Both **Good to VG,** the first with a rough corner. 4) **SC.** Charleston. State Bank, South Carolina. **$10.** Red "TEN". BC. **VF.**

Bank of North Carolina. **$5.** (NC-54 G82, Design 5A). Tarboro branch. **VG,** a stain at the top left. 5) Wilmington. Commercial Bank of Wilmington. **$3.** (NC-95 G2b). Green. **Good,** torn and taped. Still, looks decent. 6) Bank of Wilmington. **$10.** (NC-100 G14a). **Fine.** A clean note. It is not easy to find North Carolina notes in this market, even lower grade ones.

1247 **NC.** Elizabeth City. Farmers Bank of North Carolina. **$2.** Late 1850's. (NC-10 Not Listed). **Proof** on card. This is a Certificate of Deposit, not a demand note, therefore it is not listed by Haxby. Due to size, it was meant to circulate alongside the bank's other notes. This is a superb card proof by Danforth, Wright & Co., with strong vignette work. The quality is top notch and we see fewer and fewer proofs from this well engineered imprint consigned to our and other auctions. **Gem Uncirculated.** ***($350-500)***

1248 **North Carolina Obsolete Notes, A Choice Quality and Colorful Group.** [8] ***($350-500)***

1) Fayetteville. Bank of Clarendon. **$5.** (NC-15 G2b). **Choice VF.** Great color and design work by DW. 2-3) Lexington. Bank of Lexington. **$5, $10.** (NC-30 G2a, G4a). Both **Fine to VF,** but a bit aged. It is hard to believe that the giant hoard from 1985 has spread across the Earth! 4-6) Murphy. Miners and Planters Bank. **$5, $10, $20.** (NC-35 G8, G10, G12). **VG, Fine plus, EF.** The last is a lovely note. 7-8) Newbern. Bank of Commerce. **$5, $10.** (NC-40 G2a, G4a). Green tints. Both close to **VF,** nice color, the $10 is trimmed in slightly.

1249 **Fayetteville and Wadesborough, North Carolina Obsolete Notes.** [8] ***($200-300)***

1) Fayetteville. Bank of Clarendon. **$10.** (NC-15 G8a). **VG,** upper left corner is rough. 2-5) Bank of Fayetteville. **$1, $2, $5, $10.** (NC-20 G2b, G4b, G10b, G12b). A scarce and nice solid **Fine.** 2) Wadesborough. Bank of Wadesborough. **$4.** 1850's. (NVC-80 G6a). Red protector. A minor slit in the center, but a pleasing **Very Good.** 3) Wilmington. Commercial Bank of Wilmington. **$4.** 1850. (NC-95 G6a). Red protector. A super layout by RWHE with $4 vignette protectors at each end. Close to **Fine.** [3] ***($250-350)***

1251 **NC.** Raleigh. Bank of North Carolina. **$5-$5-$5-$5.** Late 1850's. (NC-55 Design 5A (4)). Off red protectors. **Proprietary Modern Proof.** This is a beautiful type which we have never seen in sheet form before. The protector is a deeper red from what was used on these branch issue notes, but the impression is deep. Not stamped on the back from the plates executed by ABN. **Gem Uncirculated.** ***($250-500)***

1252 **NC.** Raleigh. Bank of the State of North Carolina. **$50.** 1844. (NC-60 C462 SENC). This is a rare type, even as a counterfeit plate. The branch is Wilmington and the genuine plates were done by DTL. A tough note to estimate due to rarity and condition. The note is deeply aged, brittle with some pieces out. Close to **Good.** ***($150-250)***

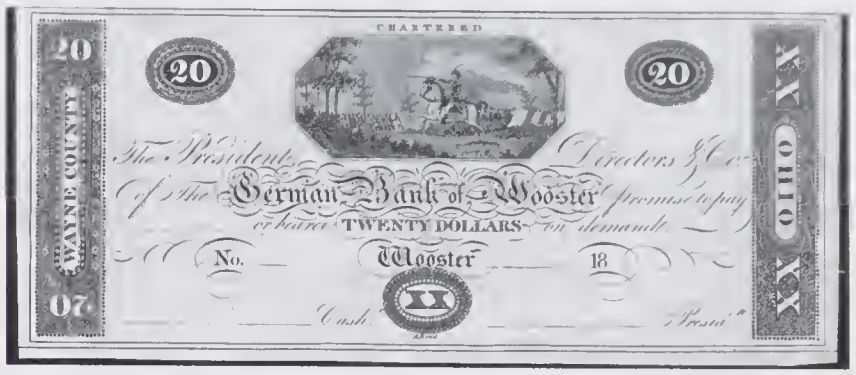
"Mad Anthony Wayne"



1263 **OH.** Wooster. German Bank of Wooster. **$20.** 1820's. (OH-445 G36). This is a lovely and early proof note on laid paper by A.(bner) Reed. Interesting and Unusual Late Addition!

1460A [WASHINGTON, GEORGE] ENGRAVED PLATE ***($1500-Up)***

Unanimously chosen First President of the United States under the new constitution, taking the oath of office in New York City on April 30, 1789, and serving until 1797; during the Revolutionary War, Commander of all Continental Armies. Beautiful copper **Engraved Plate** entitled ***"His Excellency GEORGE WASHINGTON Lieut. Gen'l. of the Armies of the United States...Dedicated to Commodore John Barry and the Officers of the Navy and Army of North America,"*** 15-1/2" x 11" overall size. Engraved by J. Galland, ca. 1790, from the painting by F. Bartoli. Washington poses in uniform inside his tent, a plan of fortifications in his hand, with rows of tents in the background. Just visible among them is the eagle standard, a flag often flown before the stars-and-stripes design became official. With great seal of the United States vignette bearing the phrase "E Pluribus Unum". Covered with protective sheet. In fine condition. The artist F. Bartoli is best known for his painting of Seneca chief Cornplanter, from 1796. Commodore Barry was, after John Paul Jones, the greatest naval hero of the Revolutionary War; Washington chose him to lead the new republic's navy in 1794, awarding him commission #1. He died in 1803. Lacking information on the engraver, we cannot date this piece precisely, although the method of referring to Washington suggests it is from before his Presidency.

OBSOLETE CURRENCY SELECTIONS FROM CHET KRAUSE

He is, in his own words, "just plain Chet" – local farm boy and later carpenter turned publisher who put his hometown of Iola, Wisconsin, on the world-publishing map. In 1952, Chet founded Krause Publications by producing a single-page introductory issue of Numismatic News on the dining room table of his parents' home. In the ensuing decades, his modest start grew into the internationally known, multimillion-dollar publishing firm that Krause Publications is today.

Chet's love of coin collecting let to his foray into publishing, and he remains a fixture in the numismatic hobby. Among his many hobby-related awards is the American Numismatic Association's highest honor, the Farran Zerbe Memorial Award. He is also a member of the ANA's Hall of Fame and in August 1999 he received the ANA Numismatist of the Year Award. In 1995, he received the Meguiar's Award as the Collector Car Hobby's Person of the Year. His collecting passion in recent years expanded to include World War II Army vehicles and equipment of the type used by the anti-aircraft battalion in which Chet served. His hobby and business interests have been profiled in USA Today, Nation's Business, Entrepreneur, major Wisconsin daily newspapers, and on the syndicated television show Motorweek. In 1990 he was named Wisconsin Small Business Person of the Year. He served as a member of the National Advisory Council of the Marshfield Clinic from 1991 to 1996, after which he was appointed an emeritus member. He has been an active supporter of Rawhide Boys Ranch for troubled youth. Now retired, Chet maintains an office in the original Krause office building, which he repurchased in 2002.

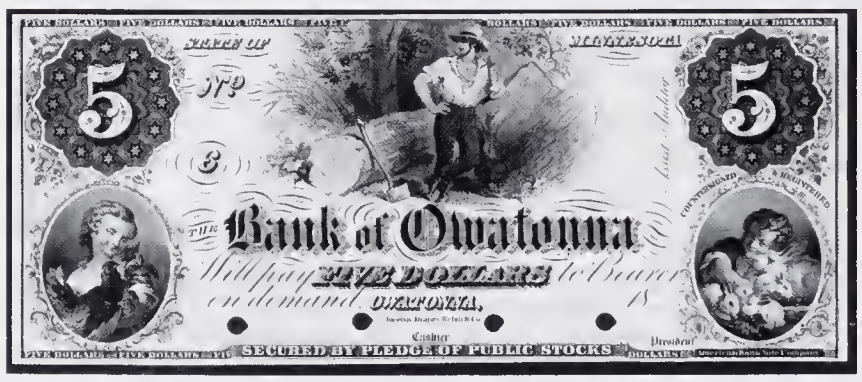
A Beautiful Minnesota Proof



1524 **MN.** Owatonna. Bank of Owatonna. **$5.** Late 1850's. (MN-100 G2). A stunning proof from the American Banknote Company. Any Minnesota proof note is rare, and this is a lovely example. Great "7 Bits" Note

1527 MS. Grenada. Grenada Savings Institution. **87 1/2¢.** Late 1830's. (Leggett 7). Certainly one of the great scrip note odd denominations you can own. This "seven bit" note came from our 1999 Memphis Paper Money Sale. Chet had two of these, the other was Byron Cook's example (Leggett Plate Note) at Memphis. It saw strong bidding as we think this one will too. Unissued. **EF-AU,** some surface dirt, but not severe. ***($750-1,250)***

EXCEPTIONAL GROUP OF KIRTLAND SAFETY SOCIETY NOTES

1570 **OH.** Kirtland. Kirtland Safety Society Bank. **$1.** 1837. (OH-245 G2). High grade Kirtlands are now in strong demand, and the $1, $2 and $3 notes are much tougher than the $5 and $10 notes. This sharp looking "ace", serial 461, is not as high grade as Chet's Choice AU sold at Memphis, but still has tremendous eye appeal for the grade. The signatures, particularly Joseph Smith, Jr. are strong. The cut is less than perfect at the lower left, but still **Very Fine to Extremely Fine.**

($2,000-3,000)

1571 **OH.** Kirtland. Kirtland Safety Society Bank. **$5.** 1837. (OH-245 G8). A high grade note with some light foxing. The Smith signature is slightly blurry, but not enough to discount it much, especially so in the light of very active bidding on the Kirtland notes at Memphis in June. No folds, but some handling. **Choice AU.** ***($1,750-2,750)***

1572 **OH.** Kirtland. Kirtland Safety Society Bank. **$5.** 1837. (OH-245 G8). A second $5 Kirtland note, serial no.875. There is some minor foxing at the left end and bottom center, but at the signatures (where it counts) the note is all there. Light wear only, and the look of a higher grade. **VF-EF.**

($1,500-2,500)

1573 **OH.** Kirtland. Kirtland Safety Society Bank. **$10.** 1837. (OH-245 G10). A final Kirtland from Chet's collection, and it is a bold, bright note with crisp signatures of Joseph Smith, Jr. and Sidney Rigdon. Folds and handling, but again it has the eye appeal of a higher grade, and should be evaluated upwards accordingly. **VF-EF.**

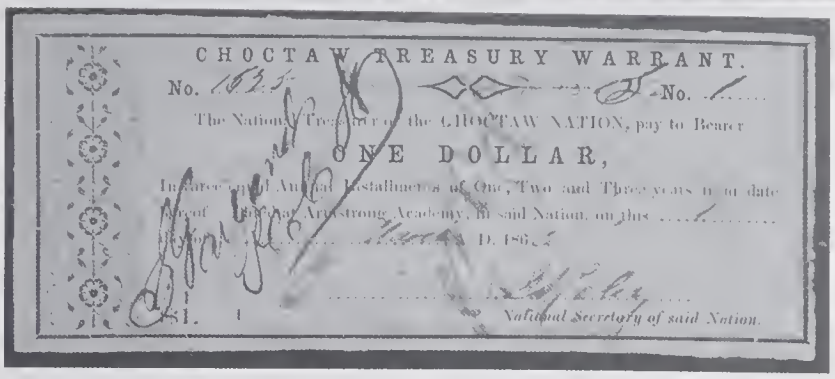
Important Offering of Indian Territory Notes

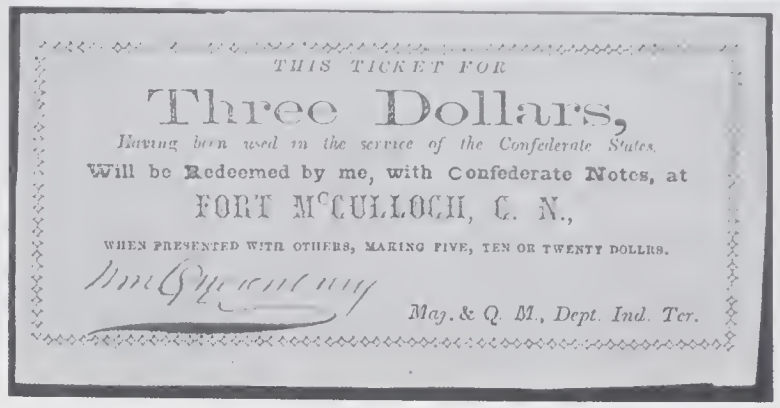


1574 **OK.** Armstrong Academy. Treasurer of the Choctaw Nation Treasury Warrant. **$1.** March, 1863. (Burgett 2). Reissued on the verso at 5% interest rate by Allen Wright, national treasurer. Printed on blue paper. Light tinges of foxing at the right, but **Very Fine.** ***($1,000-2,000)***

The following research on this note was written by Douglas Ball and published in our 1987 Ball-Richmond Sale catalogue: "These notes and the two which succeed it came to be issued under the following circumstances: "The Choctaw, while collecting about $500,000 in funds due to them in Washington with Albert Pike, a Brigadier General in the Confederate Army and a Confederate Commissioner to the Native Americans, on July 21, 1861, signed a treaty with the Confederacy. In 1862, after vigorous amendments were made, they received $35,000 in coin and enough Confederate paper to pay for a $50,000 munitions order. Subsequently, further subsidies in the amount of $35,520 were received on October 22, 1862 and October 20, 1863.

In the meantime, by an Act passed October 21, 1862, the Choctaw Council (consisting of a House of Representatives and a Senate) enacted a law calling for the issue of $25,000 of treasury warrants payable in one, two or three years. These funds were to be used for the relief of these who were destitute, blind, sick, crippled, wounded or helpless women and children. Most of the surviving notes, besides their issue endorsement by Principal Chief Samuel Garland, are marked "paid", this being accomplished very possibly by the notes and coin remitted to the Native Americans by the Confederacy.

When the Confederacy collapsed in the spring of 1865, its money (then in general circulation among the Choctaws) became worthless, and in order to provide a medium of exchange until the accumulated cotton could be shipped and its proceeds made available, these notes were issued. For a full description of the issue see James F. Morgan, Gray Backs and Gold (Confederate Monetary Policy) pp 95-102."

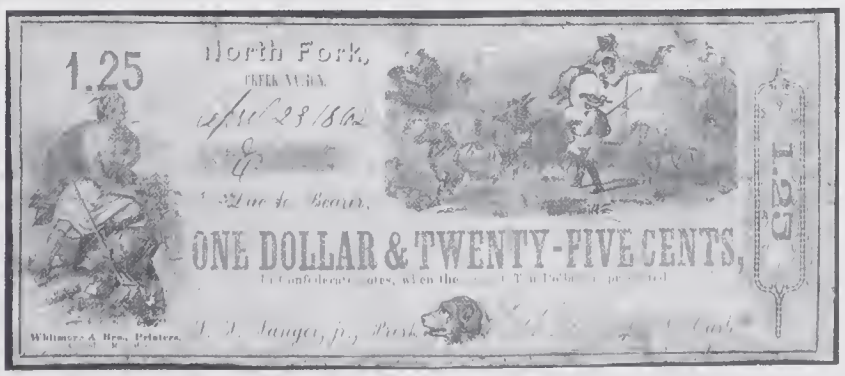


1575 **OK.** Fort McCulloch, C.N.. William Queensbury, Maj. & Q.M. Dept. Ind. Ter. **$3.** Undated. (Burgett 8). An amazing Civil War era note to say the least. Redeemed in Confederate notes for $5, $10, or $20. Printed on brown paper. This may be the first of this type we have seen. We did have the Burgett 1 Plate Note in our Ball-Richmond Sale. An important note with a grade of **Choice Extremely Fine.** ***($2,000-3,000)***

Once again, Douglas Ball did some great research work on this series in the Ball-Richmond Sale catalogue: "Fort McCullough was built by BG Albert Pike in the spring of 1862 on the Blue River to command the roads to Fort Gibson, Fort Smith and Fort Washita as well as to Sherman and Brenham Texas. Because of the fact that no Confederate notes were issued under the denomination of $5 on account of Secretary Memminger's opposition, there were no small bills with which to pay for minor purchases.

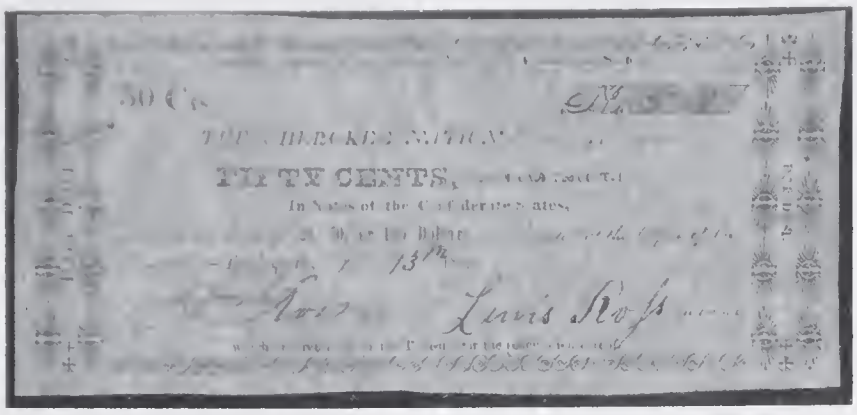
Moreover, because of the refusal of the Secretary to organize the printers to produce enough money and his failure to distribute properly the funds available, General Pike was left short of funds for construction and many of his troops deserted. Quesenbury issued notes produced on a local press for a short time: Pike used $20,000 of personal funds. Denied Confederate notes with which to redeem his own issues, Quesenbury ceased their emission within a few days. As they were not numbered (possibly to disguise the amount put out) we cannot now tell what quantities were thrown into circulation."

Tremendous Creek Nation Note



Lot 1576

1576 **OK.** North Fork, Creek Nation. S. S. Sanger, Jr. **$1.25.** April 23, 1862. (Burgett 5; R-7). Red protector. This may be the most extraordinary note in Chet's obsolete collection. We can't recall ever seeing another, and the issuer was not present in the Ball-Richmond Sale. Printed by Whitmore & Bro. Printers "Appeal" Memphis on white paper. Some minor soiling and petty voids under the light, but for this note **Fine plus.** ***($3,000-5,000)***



1577 **OK.** Tahlequah. Cherokee Nation. **50¢.** June 13, 1862. (Burgett 7; R7). Black printing on thin, brown paper. Signed by Lewis Ross. Another historic issuer from the Confederate period of Oklahoma history. This note is an extraordinary **Choice EF** or better. Superlative would be an understatement for this note.

($1,500-2,500)

Douglas Ball wrote detailed research on this issuer in the Ball-Richmond Sale in 1987: "The history behind these notes is as follows. On October 7, 1861, the Cherokee, against the better of advice of their paramount Chief, John Ross, concluded a treaty of alliance with Brigadier General Albert Pike, acting on behalf of the Confederacy. As an inducement to make this deal, Pike promised that the Confederate regime would take over, and pay promptly certain claims against the United States, which had languished unattended to in Washington. These claims were paid partially in coin ($77,644.36) and partially in Confederate notes. The notes tendered ($172,300) were in packets of $20, $50 and $100 (Types 18, 14 and 13). Since these notes were of too high denomination for common use, the tribe retained $20,000 worth and issued fractional and change notes for that amount in the denominations of 50 cents, $1, $2, and $5 redeemable in Confederate money in sums of $20, $50 or $100 (to fit the denominations held).

To prevent denomination raising, each denomination had different borders. Note that the printer put the Cherokee alphabet letters for sa-ye-tli-a-de-lr-i (half/middle dollar), probably also a security device to stop counterfeiters, who wouldn't have the type font. The notes were signed, as indicated by Burkett, by Joshua Ross as clerk (he was a son of Andrew Ross, a brother of John Ross), and by the Treasurer (Lewis Ross, a wealthy slaveholder, was another brother of John Ross and therefore also Joshua's uncle). (The Cherokee Nation of that time gave every evidence of being very much a Ross family affair.) The notes had not been in circulation a month when Federal forces swooped down, captured Chief John Ross at his residence at Park Hill, confiscated most of the money (which was still there, awaiting issue) and then, having destroyed that, the Union forces decamped carrying Ross off as a prisoner."

1578 **OK.** Lehigh, Native American Territory. **25¢.** Late 1880's. (Burgett 1). This is a very important and excessively rare issuer from the Indian Territory. 1837 Era Satirical Notes

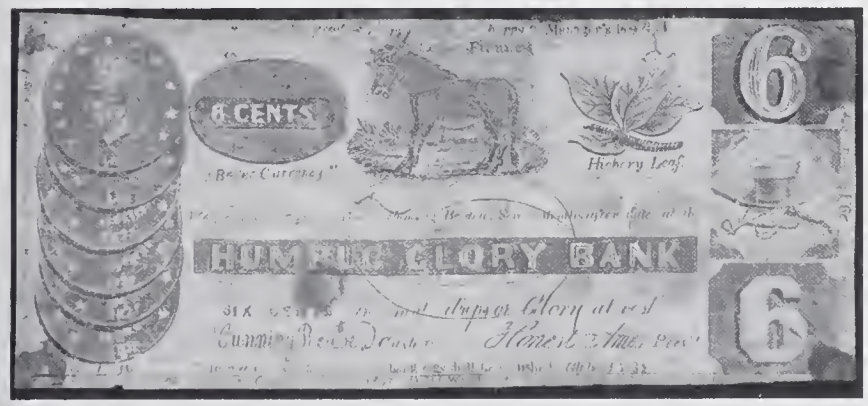
1635 The Glory Bank in the City of Washington. **Twenty Dollars in Glory.** January 1, 1834. Satirical note from the Bank of the U.S. crisis period. A hog faces left on a sheaf of wheat. "Payable to Martin Van Buren or Bearer on demand". At the right and left, "Pay My People in Glory" on the border. Printed "A.Kendall, Cashier" and "A. Jackson, Pres't". Solid **Fine to Very Fine.** One of the choicest examples of this type we have seen. Boldly printed and of **great historical importance.** ***($1,000-1,500)***

In a given year, we may see only a few different satiricals of this period offered anywhere. Amos Kendall was a member of Jackson's so called "Kitchen Cabinet". Martin Van Buren was also the subject of much derision during this crisis, and is the focus of several of the notes (especially the Great Loco Foco Juggernaut).Great collections are made of great notes, and this is one of them. A solid pedigree on this piece adds to the appeal.



1636 Humbug Glory Bank. **6¢ in mint drops or Glory at cost.** 1837. Satirical note from the Bank of the U.S. crisis period. There are a number of satirical references. The donkey ("jackass") at the top center is Jackson of course. At left are six tokens, with his portrait having a Roman laureate (as emperor). At left is "Better Currency", at the right "Hickory Leaf ("Old Hickory"). Printed signatures of "Cunning Reuben" and "Honest Amos," that being Kendall. On the base further text. Fully intact, but some thin spots and minor stains (three on corners). Overall, **About Very Good.** ***($500-1,000)***

1637 **Van Buren, 1837 Satirical Note, Printed on a Pennsylvania Scrip.** A fascinating note, we recall seeing only one other and it was in the 1990 Memphis Sale Pennsylvania Collection (Seitz et al) and this may be the note. The satire is printed on the back of a Port Carbon Savings Fund **5¢** note of the period. It shows three versions of Van Buren. At the lower left he is a hobo, at the top center he is a hobo again but amid fencing (?) and at the lower right he is "Van Buren Riding His Cow". Undervalued compared to some of the more intricate notes of this series that are encountered with more frequency. Some petty body holes, but well printed and **VG plus.** ***($350-700)***

Postal Savings System Notes

In the past, from time to time, the newspapers would have a headline in it-"Government Refuses to pay Old Notes worth Millions!" Even nowadays, that will sometimes be seen as a small byline. The notes in question are usually Postal Savings System Notes that were not redeemed by deadlines set by the United States Government. Often these notes still turn up in estates and safe deposit boxes and have no redemption value.

The notes themselves were created in 1910 by an Act of Congress as a system of savings, and were tied into the postal system because newly arrived immigrants were used to doing business transactions with their post offices in the old country. The government also wanted to lure money out of hiding and furnish a convenient depository for people to save money. Interest paid was at 2% per year with the smallest note being $1.00 and the maximum deposit being $2,500.00.

Despite fairly low deposits of $153 million in 1929, the deposits surged in the 1930's and 1940's to peak at 3.4 billion dollars. When interest rates rose after World War II, the declines in this system were a certainty, and by 1964, $400 million was left. Steady declines continued after that. The last deposits were made in 1966, and no new accounts were opened.

The official end to the System happened on July 1, 1967. At that time there was $60 million dollars turned over to be held in trust, to pay off the depositors (600,000 or so). In 1971 a law turned over the existing deposits to local states and jurisdictions. In 1984, an Act for the Statute of Limitations on these notes was passed, (Public Law 98-359) stating that no claims could be brought after July 13, 1985. Due to this, an unpaid note is not worth face value, only something as a collectible.

The notes were issued in Series of 1913, Series of 1917, and the majority issued in the Series of 1939. Each note had a printed or stamped location and spaces for owner, date purchased, interest to begin on date, etc. At the center was an area for the stamp "PAID" to be made upon redemption. The notes were tinted with printed backs. No survey has been done on the scarcity of certain locations, but our instincts tell us that these are under collected. Although they did not circulate, they are still government fiscal documents and worthy of attention.

Tintype Proofs

The following 11 lots represent a consignment of American Bank Note Company tintype (ferrotypè) proof plates of various issued and some un-issued banknotes. The original tintype process created a photograph by using a photosensitive collodion emulsion spread on a thin iron sheet with a darkened enameled surface. This "wet-collodion" process was used in the graphics art field well into the mid 20th century since it produced especially fine quality, high-grained negatives. Several of the plates are scribed with proof and design annotations, indicating that they were actively used in the production of the banknotes. Prior to our June, 2003 Memphis sale, there was no record of previous sales of such tintype banknote proofs.

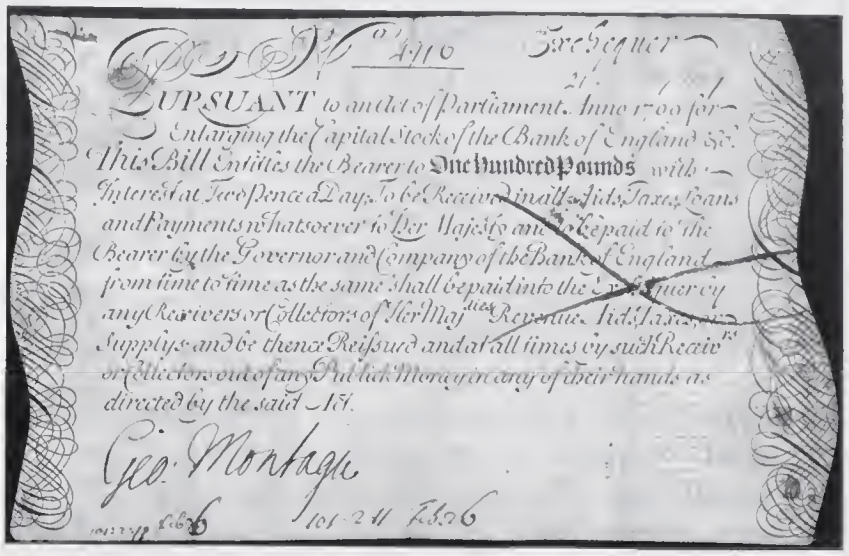
Miscellaneous Scarce Early Bank of England Stock Signed by Lord Halifax



2189 **Bank of England.** 1709. **£100 bearer stock.** This 3% enlargement loan was issued during the reign of Queen Anne and is one of the earliest known Bank of England stocks. It is signed by **Lord Halifax**, Charles George Montagu (1661-1715), who as Lord of the Treasury in 1692 proposed the system of government borrowing that established the British national debt.

In 1694, he founded the Bank of England and was appointed Chancellor of the Exchequer. He was appointed First Lord of the Treasury in 1697, which is equivalent to today's position of Prime Minister, and was twice impeached in 1701 and 1703 for breach of trust as an auditor of the exchequer but never convicted. He was reappointed First Lord of the Treasury in 1714. Lord Halifax was a close friend of both Isaac Newton and Jonathan Swift. He is buried in Westminster Abbey.

The stock is also signed on the back by **John Bridges** (1666-1724), a typographer well known for his contributions to the Bodleian Library at Oxford University. A special early piece of financial history. Black-brown printing on thick paper. Well preserved with only a couple small edge tears and pinholes. A trace of glue remnant on the back lower edge. **VF.** ***($2,500-3,000)***

2190 **Forgery Protector.** Printed by Charles Whiting, London. No date. Single page of thick paper with highly embossed white area on light green background containing four engravings. At the top is a magenta oval with a raised white silhouette of a young Queen Victoria facing right, below are two square postage-stamp like engravings with the royal crown in the center, and at the bottom is featured a group of fancy engraved oval, one of which contains the letters "VR" (Victoria Regina). Probably for postal use. A small bottom edge tear, corner nick and foxing mainly on the back of the approx. 8" x 11" piece, otherwise in nice condition. **VF.** ***($50-75)***

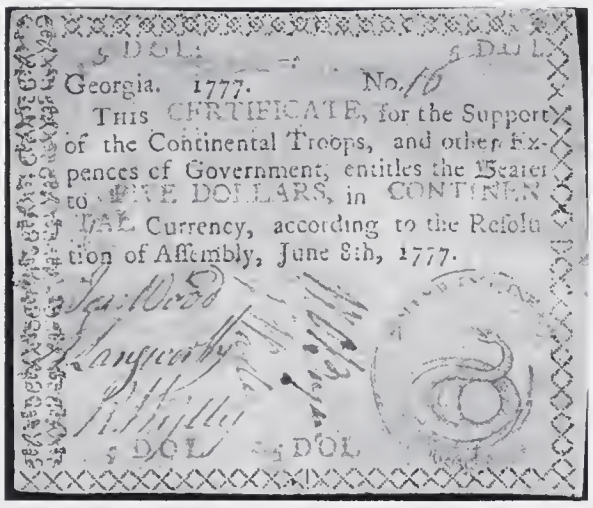
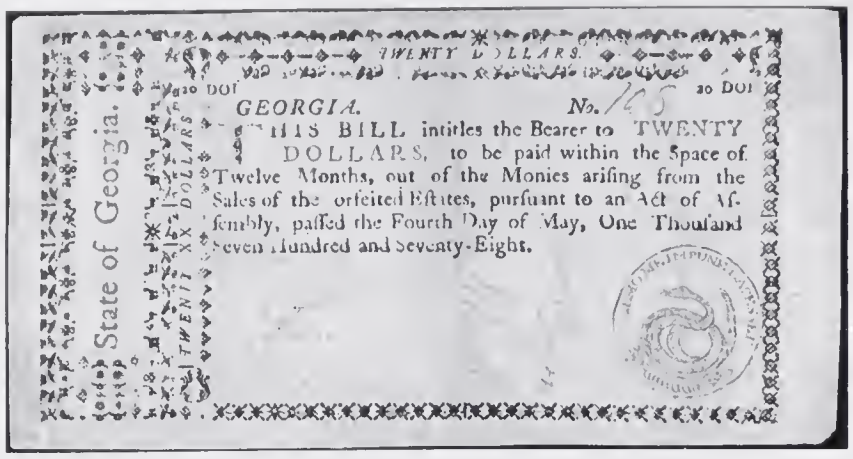
A clean, clear, very pleasing example of this popular series. All of the signatures are sharp, the seal is vivid blue and crisply executed. These were issued as indented certificates, thus the note is trimmed into the left border as made.



2232 **Georgia.** 1777 June 8, 1777 Resolution. **$5.** No.16. Wood, Langsworth, Wylly, O'Bryan, Wade. **VF-EF,** some professional restoration. ***($1,000-1,500)***

The red and black typography and the coiled blue rattlesnake make this a very attractive example. While there has been some professional restoration, it is not immediately evident. The low serial number is a bonus, and this note will fit nicely into any fine collection of Georgia colonials.



2233 **Georgia.** 1776 Light Blue Seal Dollar Denominations. **$20.** No.108. Light blue rattlesnake seal. Broad margins. **VF-EF,** with some thin spots, and professional restoration in the lower left corner. There is a small split in the center. ***($750-1,250)***

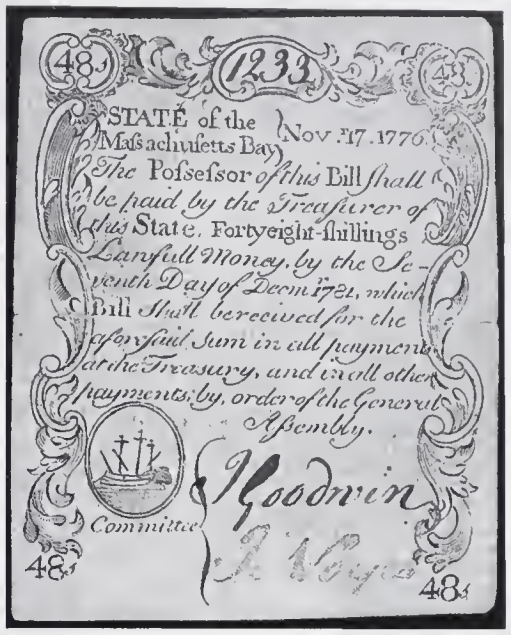
Extraordinary "Sword In Hand" Contemporary Counterfeit



2241 **Massachusetts.** November 17, 1776. **48s.** No.1233. Goodwin, Noyes. Ship in oval. Man with sword on back. The Latin motto translates "By arms he seeks peace with freedom". A Rare contemporary counterfeit. **EF-AU,** short edge split. ***($5,000-7,500)***

One of the most popular Colonial issues is the "Sword In Hand" series, and for several good reasons. **Paul Revere** engraved the copper plates for these notes (the mutilated back plate still exists). The time period in which the notes were issued is contemporary with the Declaration of Independence. The American holding a sword in one hand and holding a declaration in the other hand is a visually exciting symbol of American independence. All of the Sword in Hand issues over 6 Shillings were called in for exchange, creating a vacuum for the collector who wants to own one. Fortunately, some high quality contemporary counterfeits exist.

Battles are not always won by swords and guns. If the financial well-being of a nation can be disrupted, its ability to fight can be greatly reduced. That was one strategy employed by the British during the Revolutionary War, and the tactic they used was to produce and circulate counterfeits of American currency. Merchants, tax collectors, bankers, and speculators all had to be on the alert, and they carefully scrutinized the bills that came into their establishments. When the present item was offered in payment, the receiver asked the person who presented it (Lemuell May) to endorse the back, just in case the note turned out to be false. was well he did, because it was subsequently identified as "Counterfeit", and at least the new owner knew who he got it from, and who to go to for just compensation. The written notations on the back document the fact that notes such as this one actually circulated during the Revolutionary War.

How can you tell the counterfeit from the genuine? Newman notes that the first "4"s in the "48"s at the bottom corners are smaller than the "8"s on the counterfeit. In a recent Stack's sale, January 2003, an August 18, 1775 40 Shilling contemporary counterfeit described as "Extremely Fine" with a corner repair brought $5,520. That example lacked the bold printing, clear signatures, and most of all, the interesting and important notations that our current example exhibits. A wonderful note that chronicles an often neglected aspect of Revolutionary War finance.

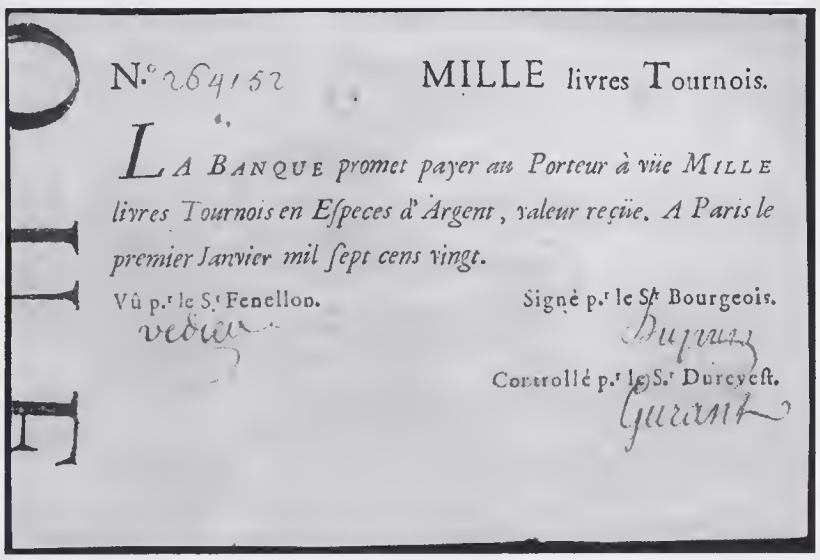
Extremely Rare John Law Issue



2305 John Law Note. January 1, 1720. Bank Royale. Mille Livres. **VF-EF.** No.264152. Approximately 4" x 6 1/2. Boldly printed on fresh, bright, fine laid paper. "Billete Banque" watermark. John Law was the originator of the infamous "Mississippi Bubble", a grand land speculation scheme. Law founded the Banque Generale, the first bank of any kind in France. It was the over-issue of paper money, such as this example, and the hostile action of the government in 1720 that led to the collapse of the scheme.

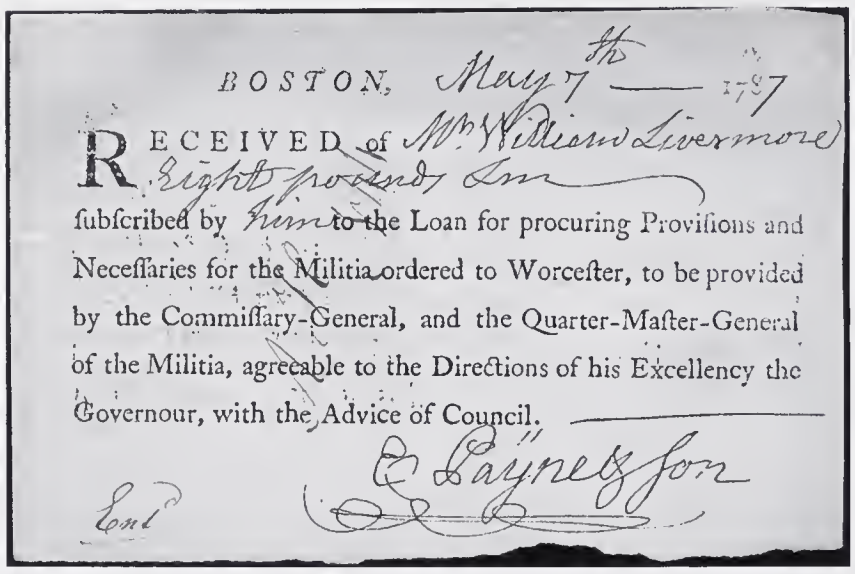
Shay's Rebellion



BOSTON, May 7th 1787

After the Revolution, there was an economic depression throughout New England. Small property holders who could not pay their taxes faced imprisonment. Town meetings talked of tax relief, and the issuance of paper money, but these issues were opposed by the legislators. Daniel Shay emerged as the leader of a localized rebellion which tried to close the courts in order to prevent action against debtors. Neither the Federal government, nor the state, would supply money for the militia to put the rebellion down, but some $20,000 was borrowed from "private sources", probably through a subscription campaign. On January 25, 1787, Shay and his supporters attacked a Confederation arsenal in Springfield, but they were repulsed by General Lincoln. Shay escaped to Vermont, and was eventually pardoned. This note is a receipt given to William Livermore for paying in the eight pounds subscribed by him to the "...Loan for procuring Provisions and Necessaries for the Militia ordered to Worcester...".

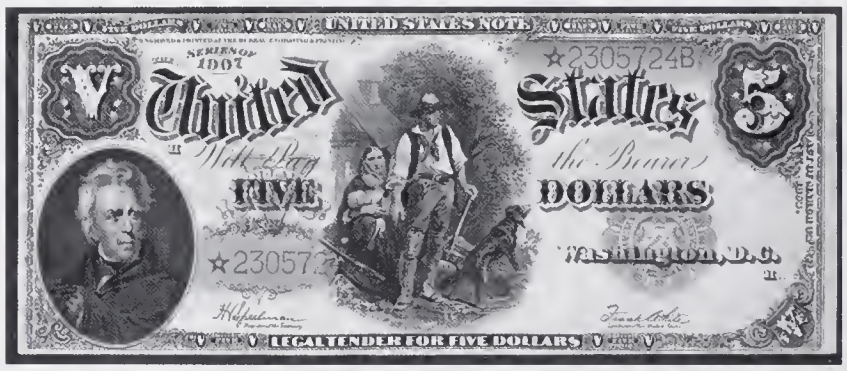
2322 **$1. Fr.16.** 1862. No.75022, Series 191. **Choice EF.** Bright and crisp, with excellent color and good margins for the issue. No pinholes or edge weakness, just a center fold and trivial faint handling. ***($700-900)***

2323 **$1. Fr.28.** 1880. No.Z1894749. **VF.** A bit off center to the right, but clean for the grade, and problem-free. ***($200-250)***

2324 **$2. Fr.41.** 1862. No.44515, Series 152. **Choice EF.** A pretty note that looks CU at first glance, but has a couple of light folds, and a trivial (2mm) split at the top. Vibrant color and bright paper. ***($1,200-1,600)***

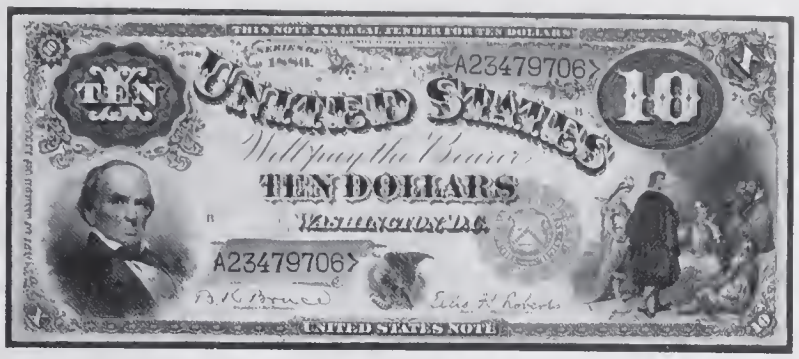
2325 **$2. Fr.60.** 1917. No.D64942944A. **Fine,** but missing a quarter inch of the upper left corner; **$5.00. Fr.91.** 1907. No.K80283121. VF; **$5.00. Fr.871a.** 1914. VF. [3] ***($175-250)***

2326 **$5. Fr.63b.** 1863. No.32822, New Series 82. **VG-F.** Evenly worn, with margins clear of the engraving all around. The top shows a couple of trivial (3mm) splits, but they are unobtrusive, and the overall look is quite nice. ***($200-300)***



2327 **$5. Fr.91★.** 1907. **STAR** No.★2305724B. **Fine.** Tightly trimmed, but a clean, problem-free example that looks a grade higher. The census has just topped 100 on these, with this one about in the middle. ***($350-450)***

2328 **$10. Fr.95b.** 1863. No.5253, New Series 52. **Choice Uncirculated.** Bold color and bright paper, with good margins all around. Kept from Gem solely by some teller counting signs at the right end. A beautiful type note worthy of any top quality collection. ***($4,500-6,500)***



2329 **$10. Fr.112.** 1880. No.A23479706. **VF.** Bright, with decent margins. Some light soiling on the back, but the face looks a grade better. ***($450-650)***

2330 **$10. Fr.116.** 1901. No.B6875912. **VF.** Excellent margins, paper and color - a particularly attractive type note for the grade that will fit nicely in a high grade collection. ***($750-1,000)***

2331 **$10. Fr.122.** 1901. No.E56395020. **VF-EF.** Going purely on technical merit we'd have to call this a VF, but the look and feel make it as nice as any EF we've seen. Superb paper and color, with not a single problem. ***($750-1,150)***

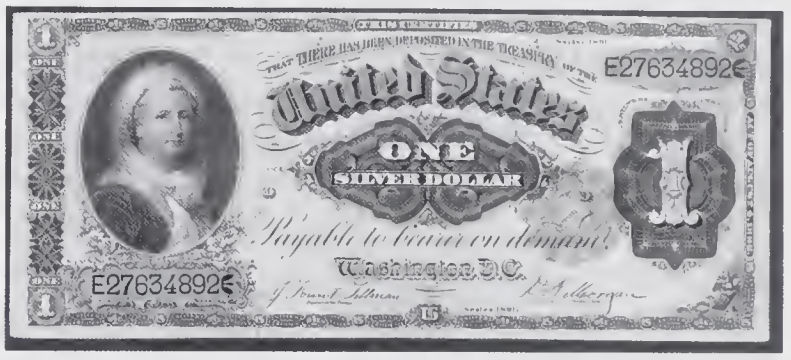
SILVER CERTIFICATES

2332 **$1. Fr.222.** 1891. No.E3173585. **VG-F.** Broadly margined, with the ghost of some faint old brown stains, now really insignificant. Otherwise clean for the grade, with no pinholes, splits, etc. ***($175-225)***

2333 **$1. Fr.224.** 1896. No.257140. **VF.** Good margins all around, with the look on the face of a higher grade. Arguably the most artistic design ever produced by the Bureau of Engraving and Printing, and enduringly popular. ***($350-450)***



2334 **$1. Fr.223.** 1891. No.E27634892. **EF-AU.** Bright and very attractive, with a sharp corner fold and a couple of soft vertical folds. ***($400-550)***

2335 **$1. Fr.232.** 1899. No.K48317556K. **AU.** Crisp and fully original, with sharp embossing. Only a faint trace of a center fold keeps this from Choice Unc. ***($100-150)***

2336 **$1. Fr.233.** 1899. No.Z21601011Z. **Choice Uncirculated.** Good margins, color and paper; Gem but for a tiny (1mm) bent corner tip. ***($325-400)***

2337 **$1. Fr.233.** 1899. No.D35620743A. **Choice Uncirculated.** A nice original example, with good embossing; **$1. Fr.238.** 1923. **Choice Uncirculated.** No.Z22671445D. Close to Gem. [2] ***($400-500)***

2338 **$1. Fr.233.** 1899. No.B12179927A. **Choice Uncirculated.** Fully original, with good embossing; a full Gem if the bottom margin were just slightly better. ***($325-400)***

2339 **$1. Fr.233.** 1899. No.B86232711A. **Choice Uncirculated.** Another nice Gem if the centering were just a little better. A particularly pleasing example, as the anti-counterfeiting fibers are prominent in the right field. ***($325-400)***

2340 **$1. Fr.233.** 1899. No.V47718899V. **Choice AU.** Choice Unc. but for a faint trace of an old center fold. ***($100-150)***

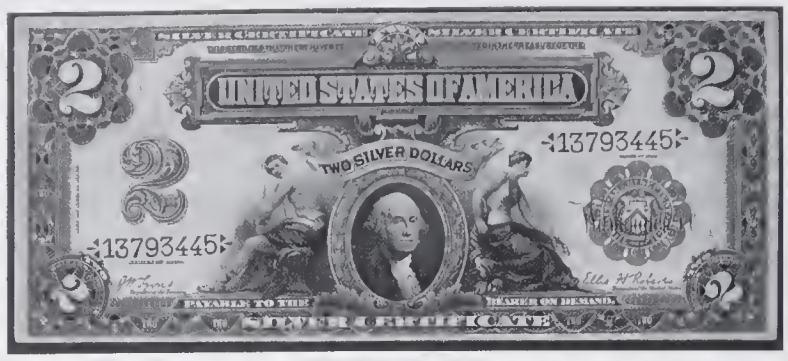
2341 **$1. Fr.233★.** 1899. **STAR** No.★6594406B. **VF+.** Clean and fairly crisp, with good margins, and the look of a higher grade. There are over 100 in the census, but this is certainly one of the nicer looking ones. ***($500-750)***

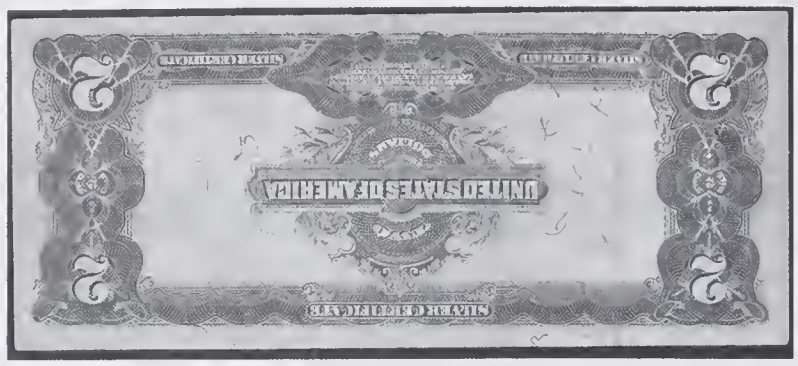
2342 **$1. Fr.234.** 1899. No.D96150983A. **Choice Uncirculated.** A beautiful note, with excellent color and nice sharp embossing. Very close indeed to full Gem. ***($350-450)***

2343 **$1. Fr.236.** 1899. No.M55976030A-32A. **Choice Uncirculated.** Three consecutive pieces, each just a bit close at the bottom. The last one is also aged. [3] ***($650-850)***

2344 **$1. Fr.237★.** 1923. No.★11555029D. **VF-EF.** Nice looking, but has a one inch tear at the bottom right. ***($150-225)***

2345 **$2. Fr.246.** 1891. No.E12628464. **Fine.** Not heavily worn, but unfortunately washed, leaving a rifle scope "crosshair" above Windom's left eye. ***($225-325)***





2346 **$2. Fr.249.** 1899. No.13793445. **Fine.** Good margins all around, with not a single pinhole, split, or other problem. A very rare **INVERTED BACK.** To date, only four Fr.249 Inverts have surfaced - the best (only VF) was offered in the BNR many years ago at $2,950, and the other two are reportedly Fine and VG. ***($1,000-1,500)***

2347 **$2. Fr.256.** 1899. No.N43966382. **AU.** A beautiful note, Choice Uncirculated or better except for a single light vertical fold. Bright and clean, with no other signs of circulation at all. ***($450-600)***

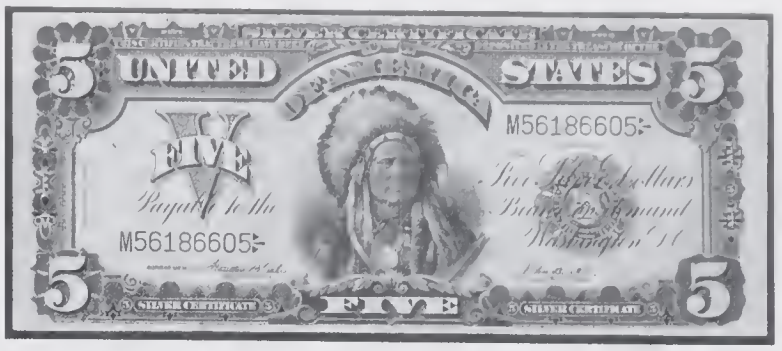
2348 **$2. Fr.258.** 1899. No.N98877007-08. **Choice Uncirculated.** A consecutive pair of nice original notes. Both sport sharp original embossing, but are kept from Gem by faint teller handling at the right. [2] ***($1,400-1,800)***

Low Number $5 Educational

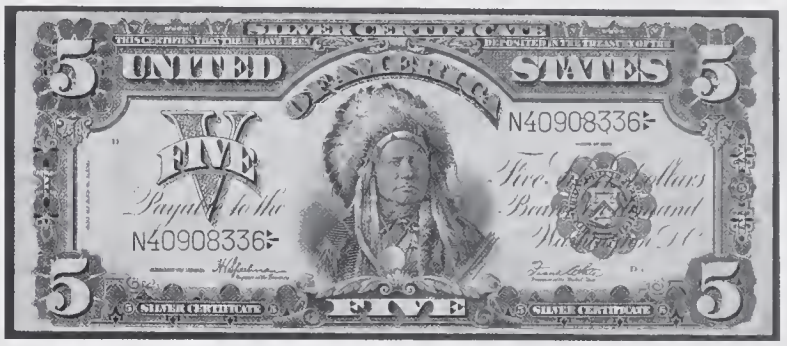
2349 **$5. Fr.268.** 1896. No.101. **VG.** Well used but undamaged, with good margins. The face looks a bit nicer; the back shows more of the wear. A great **Low Number** on an issue for which numbers this low are **very rare.** ***($600-900)***

2350 **A striking 23 x 30" watercolor painting by noted Michigan artist Suzanne Bauman,** which is the ninth and last painting in her nationally known numismatic "Monetary Series". This painting is Bauman's full color interpretation of the vignette found on the five dollar silver certificate of the famous 1896 "**Educational**" series of three banknotes. Titled "Electricity", the painting depicts a group of allegorical figures found on the note, showing electricity as the dominant force in the world. The original artwork is archivally matted and beautifully framed in wood. The overall dimensions are 41 x 41". ***($2,800-3,800)***

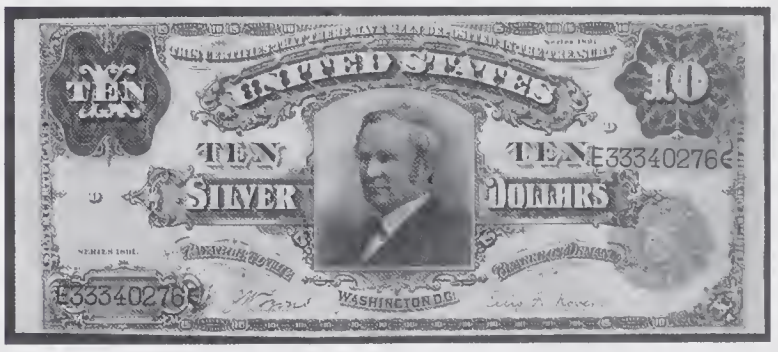
Please note that only the painting is being sold. Reproduction rights will remain with the artist.



2351 **$5. Fr.278.** 1899. No.M56186605. **EF.** Bright, crisp and perfectly centered. A pretty note that looks a grade higher at first glance. Certainly a note that shows this popular and attractive design to great advantage. ***($900-1,200)***



2352 **$5. Fr.281.** 1899. No.N40908336. **Fine.** Clean and evenly worn, with good margins all around, and not a single defect. A pleasing circulated type note. ***($400-500)***



2353 **$10. Fr.301.** 1891. No.E33340276. **VF.** Slightly close at the bottom left, but solid, with the look of a higher grade. ***($700-900)***

2354 **$20. Fr.322.** 1891. No.H1664901. **F-VF.** A solid example with good margins all around. Aside from a couple miniscule light brown spots in the right margin, this note looks a grade better. ***($900-1,200)***

TREASURY / COIN NOTES

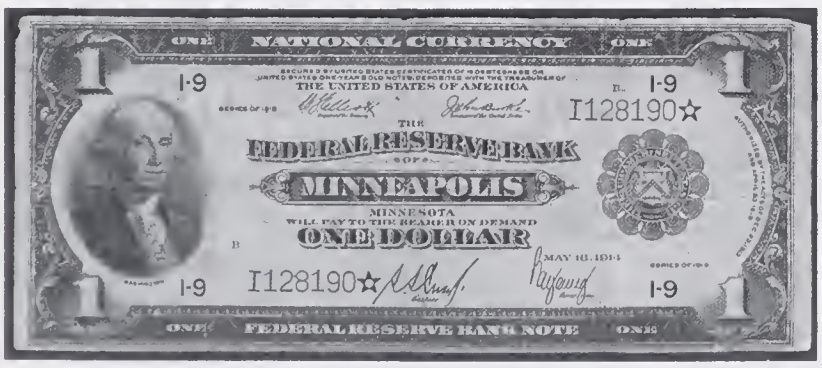
2355 **$1. Fr.347.** 1890. No.A729511. **VF.** Nicely centered and problem-free. A good choice for a better circulated type set. ***($750-1,250)***

2356 **$1. Fr.352.** 1891. No.B53409213. **Gem Uncirculated.** Beautifully original, with excellent embossing. Faint counting pinches at the right don't diminish the attractiveness of this note in the least. ***($1,400-1,800)***

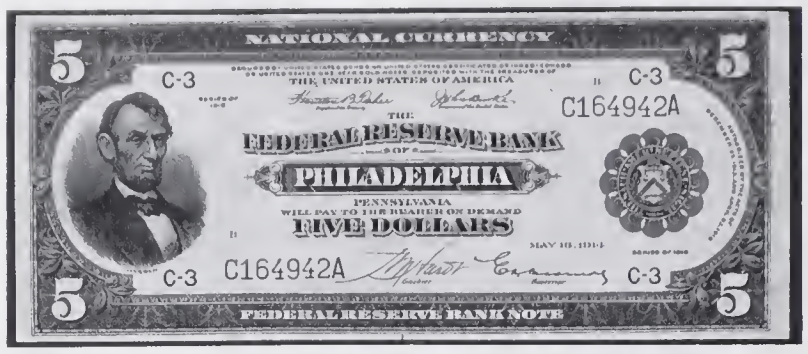
2357 **$10. Fr.366.** 1890. No.A2031781. **VG** at best. Somewhat more soiled than normal, with a slightly rough top edge, but no serious defects. ***($400-550)***

FEDERAL RESERVE BANK NOTES

2358 **$1. Fr.732.** 1918. No.H15697509A. **VF,** A very attractive example that looks a full grade better; **$5. Fr.91.** 1907. No.K28629376. **Fine,** but tight at the top, with large pinholes at the lower left. [2] ***($125-175)***



2359 **$1. Fr.736☆.** 1918. **STAR** No.I128190☆. **VG.** Well used, but evenly worn, with no defects. A new addition to the census, bringing the total to **five known.** Only one has been sold publicly in recent years. ***($300-400)***



2360 **$5. Fr.783.** 1918. No.C164942A. **VF-EF.** Clean, bright and fairly crisp, with excellent margins and color. A very attractive note that looks much better than EF. ***($400-600)***

FEDERAL RESERVE NOTES

2361 **$5. Fr.833b.** 1914. No.B20498509A. **VG-F. Red Seal.** An evenly worn, nicely margined example with no problems. ***($175-250)***

2362 **$5. Fr.834b.** 1914. No.C1198598A. **F-VF. Red Seal.** Nicely centered, and clean for the grade, with a great appearance. ***($275-375)***

2363 **$5. Fr.838b.** 1914. No.G4679188A. **Fine. Red Seal.** Not as worn as the New York note above, but with slight erasure signs at the right end. ***($200-250)***

2364 **$5. Fr.841b.** 1914. No.J632915A. **Fine/VG. Red Seal.** The face is quite nice, but the back is somewhat dirty, and there is an inconsequential fold juncture hole at the center. A scarcer variety - of the fourteen known, the best is only AU, and most are Fine or below. ***($225-275)***

2365 **$5. Fr.865.** 1914. No.F14972520A. **About Fine.** Tight across the top, but evenly worn and problem-free. A scarcer variety, with just nine in the census. ***($75-125)***

2366 **$5. Fr.866.** 1914. No.F16216204A. **Choice Uncirculated.** Another somewhat scarcer variety, and close to Gem. ***($250-350)***

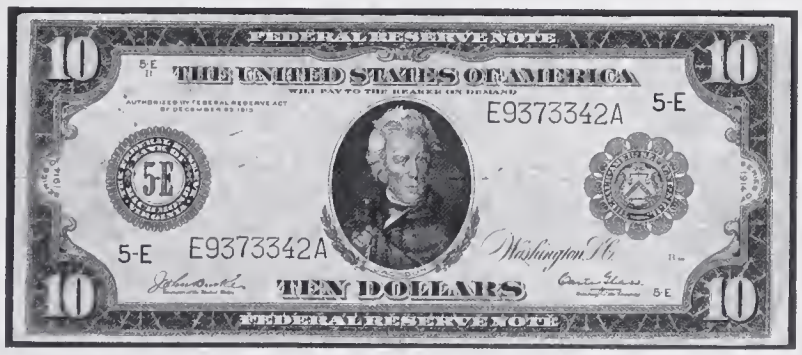
2367 **$5. Fr.891a.** 1914. No.L80106354A. **VF; $20. Fr.969.** No.B27317644A; **$20. Fr.983a.** No.E16405583A; **$20. Fr.992.** No.H3668877A; **$20. Fr.1011b.** The $20 notes **Fine** or better. All are clean, with good margins, a nice appearance, and no defects. [5] ***($400-600)***

Please note that a 15% buyer's premium will be added to each lot purchased.

2368 **$10. Fr.898b.** 1914. No.G1279711A. **VF Red Seal.** Clean and nicely centered, with the look of a higher grade. ***($400-500)***

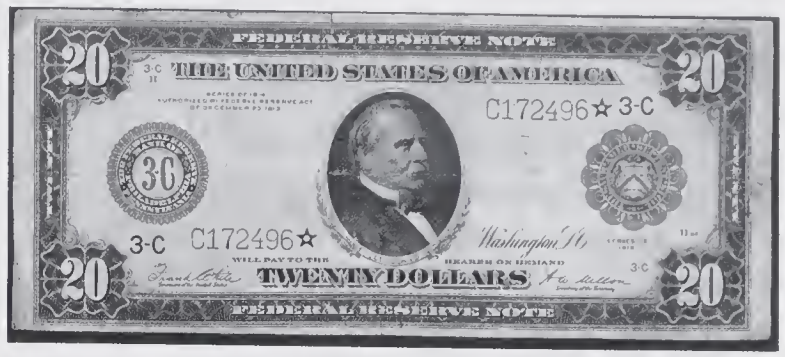
2369 **$10. Fr.907b.** 1914. No.A68721062A. **Choice Uncirculated.** Good original embossing, with a faint bit of rippling in the left field from the wet printing process in use at the time. A great example of the very scarce "b" variety. The census currently shows 21 of these, but **only three others are reportedly Uncirculated.** The finest ever sold publicly realized over $400 in a May 2003 sale as Choice Uncirculated, but the margins on that note were obviously trimmed down a bit (no doubt to sharpen the corners or edges). This nicer example, very possibly the finest known, should bring that or more. ***($400-600)***

2370 **$10. Fr.917.** 1914. No.D12393627A. **EF-AU.** Good margins, with just a center fold and a corner fold. Looks Choice Unc. The census stands at an even dozen for this variety, only one of which is Uncirculated. ***($250-350)***



2371 **$10. Fr.921.** 1914. No.E9373342A. **Fine,** but liberally sprinkled with pinholes at the left end. Otherwise a pleasing example of this rare variety. The census shows **only six known,** ranging from VG to a solitary Unc. in a government collection. ***($400-600)***

2372 **$10. Fr.925.** 1914. No.F9502390A. **F-VF.** Decent margins and a nice appearance, with no worse problem than a couple of pinpoint brown spots in the right margin. Very scarce, with just eleven in the census. ***($100-150)***



2373 **$20. Fr.975☆.** 1914. **STAR** No.C172496☆. **Fine,** with a bit of wallet soiling on the back. The census shows ten known, the best only EF. This one is nicely margined, with no defects. ***($300-450)***

2374 **$20. Fr.990.** 1914. No.G33478671A. **Choice Uncirculated.** Out of the sixty reported to date, only seven are Uncirculated. ***($275-350)***

2375 **$20. Fr.999.** 1914. No.I6125966A. **F-VF.** The back shows the grade, but the face looks Choice EF or better. ***($80-120)***

2376 **$50. Fr.1029.** 1914. No.B2861979A. **VF.** A clean, attractive example, with good margins and not a single problem. ***($500-600)***

2377 **$50. Fr.1029.** 1914. No.B2650847A. **VF** or so. The scarcest New York variety, with **only ten notes known.** Only one of the ten beats this one by more than a half grade. ***($400-550)***

2378 **$50. Fr.1054.** 1914. No.H520488A. **VF.** Nicely centered and problem-free. A scarcer district. ***($300-400)***

A great rarity that is seldom available in any condition. ***($9,000-13,000)***

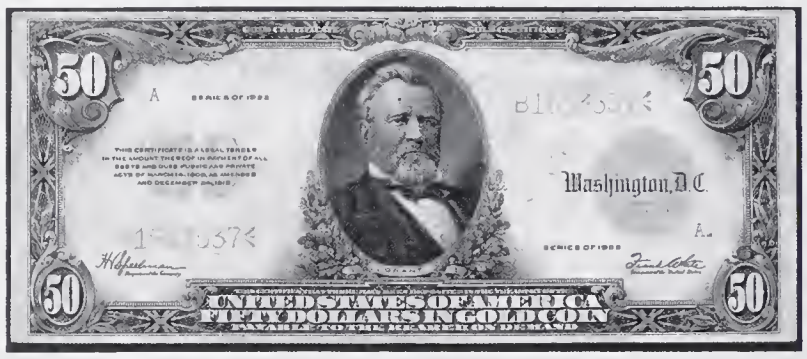
2384 **$50. Fr.1200.** 1922. No.B2381796. **Fine** or a bit better. A solid, problem-free example. Getting tough to find in any nice unmolested condition. ***($500-600)***



2385 **$50. Fr.1200.** 1922. No.B1653537. **Fine.** Perfectly centered, with no worse problem than a small pinhole. ***($450-550)***

2386 **$50. Fr.1200.** 1922. No.B3403817. **Fine,** with a slight bit of discoloration in small portions of the back borders. The face is much nicer. ***($400-550)***

United States Paper Money Records **$125.00**
By Martin Gengerke
1998. 237pp, spiral bound. Mint.

Before you buy a single piece of Federal Paper Money, there are several things you really need to know. How many times has a particular note appeared in auction or sales or in dealer price lists? How was a specific note graded in its previous appearances? What is the 50-year price history and provenance of that note? In United States Paper Money Records Gengerke, one of America's leading experts on Federal Currency has compiled and unprecedented data base of facts and figures that every major dealer or collector should have in their own library. There are close to 10,000 auction or price list appearances recorded; each note listed is identified by Friedberg number and serial number and Gengerke gives "summary" grades when more than one grade has been recorded for a single note. This priceless work, also available on CD-ROM, is autographed by the author.

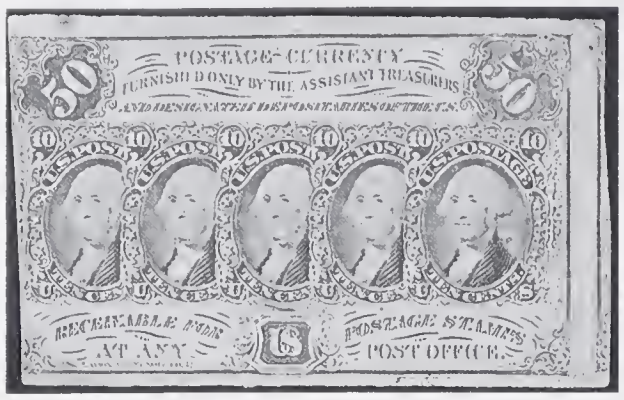
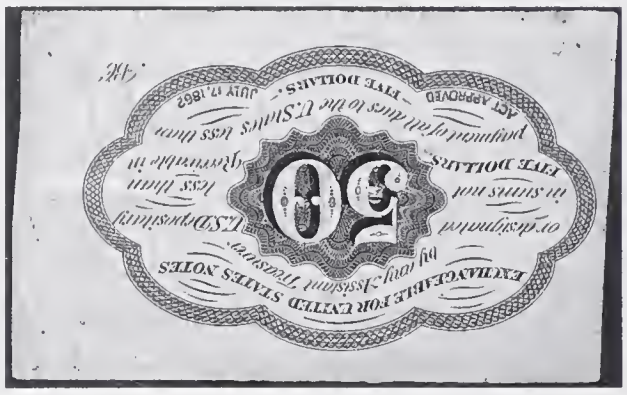
Rare 50 Cent Inverted Back





2400 **50 Cents Fr.1312. INVERTED BACK. Fine,** with a short hidden split at the top left. Off center to the left, but clean for the grade, and rare - Milt Friedberg's listing of this Invert as Unique is, of course, outdated, but **the current count of 4 or 5 still makes this quite a rarity.** ***($600-900)***

All are clean, pleasing, problem-free notes that look a full grade better. All have good perforations, although the 1241 and 1280 are perforated a bit into the design on one side. A difficult group to assemble in decent condition. [4] ***($350-450)***

2430 **50 Cents. Fr.1324. Red back. Choice Uncirculated.** Beautifully bright and crisp, with nice original embossing. If the bottom margin weren't just a bit close at the left this would be a full Gem. ***($250-350)***

2436 **50 Cents. Fr.1340.** The **rare** Spinner Type II, with '1' and 'a' position figures. **Uncirculated,** with a slightly close bottom margin and faint soiling on the back margins, reminiscent of sliding around on a dusty shelf. A decent unmolested note, with nice sharp original embossing. ***($400-600)***

2437 **50 Cents. Fr.1340.** Another **rare** Spinner Type II, with '1' and 'a' position figures. Technically **VF-EF,** but looks much nicer. Fully bright and crisp, though tightly trimmed at the bottom. ***($175-250)***

2438 **50 Cents. Fr.1355. Autographed signatures of Colby and Spinner. Choice AU.** Only a softly bent corner keeps this from Uncirculated. 2444 **50 Cents. Fr.1374. Lincoln. Choice Uncirculated.** A Gem if the top margin were a bit better. A pretty note that shows off Charles Burt's artistic engraving of Lincoln to full advantage. ***($350-500)***

2445 **50 Cents. Fr.1374. Lincoln. AU-CU.** A nice original note that clearly saw little or no circulation, but picked up a soft "bump" at the right edge (only noticeable on the back). Close at the top and left end. ***($200-250)***

Fractional Currency Shield

2455 **Gray Fractional Currency Shield.** Some overall foxing, with water staining across the center rather than the bottom as usually seen. The water has seriously affected the Third Issue 10 Cent notes, but most others are well above average. In a contemporary gilt wood frame, the boards on the back warping slightly. Bright overall, and nicer than it sounds. ***($4,000-6,000)***

2504 **Ch.M9421.** Adrian. **NB of Commerce. $5. Fr.592.** 1902 DB. No.M198083/1 C. **VF.** Clean for the grade, with the cashier's blue signature strong, but the president's weak. Kelly's listing of seven Large notes known for this bank is a bit out of date, but while we've traced eleven, only two are even slightly nicer than this one. More importantly, **this is the only Number 1 note, Large or Small, reported for not only the bank, but the for the city and county as well!** ***($5,000-7,500)***

Just a center fold and some light edge handling keep it from the higher grade that it looks like. Kelly lists twenty Small notes known, and while we haven't seen quite that many, this is the finest of those that have crossed our path. ***($350-450)***

No.T991116T/3532 A. **Fine.** Quite clean and attractive for the grade, with excellent margins and bold brown pen signatures. **Kelly lists just five Large notes known,** and this is the earliest of the six we've traced. ***($1,000-1,500)***

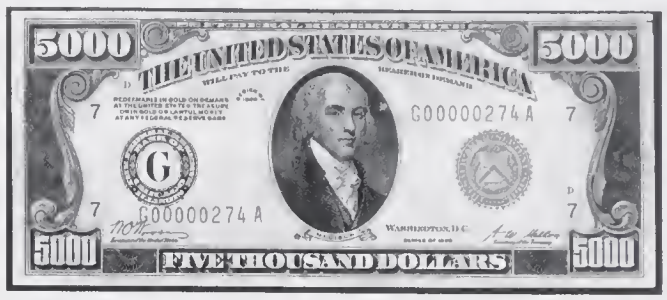
First Auction Appearance Rare 1928 Series $5000



2677 **$5000. FRN. 1928.** No.G00000274A. One of only thirteen Five Thousand dollar 1928 FRNs recorded on all issuing districts. Although technically Uncirculated this note has teller handling and light counting smudges along with two pinholes near Madison's portrait. The pinholes look to be easily repairable and do not detract from the overall appearance of this rare FRN. This Chicago note is only the third example to show up as a survivor from this district that printed only 3,480 notes. The condition of the paper is pristine with perfect centering and strong embossing of all the third printing elements.

Aside from the few appearance of Boston District notes in the last four years, with prices realized ranging from $38,000 to $82,500, there have been few opportunities to acquire any note in this series or denomination from any district. Many collectors fail to make the important rarity distinction between the 1928 and 1934 series Five Thousands. Based on current census data of surviving examples the 1928 series is 27 times scarcer than the 1934 series. The 1928 series is undervalued by comparision and increasing in popularity due to the combination of the Gold-Redemption Clause, the attractive contrasts in the darker inks on this earlier series and the obvious attributes of greater rarity and value. **Uncirculated.** ***($50,000-70,000)***

Did You Know?

Mule = When one plate is paired with another plate of two different series designations.

For instance, when a 1935 face plate is paired with a 1935A back plate. Easily determined by comparing the face and back plate number sizes.

If a micro (.06mm high) plate number is paired with a macro (1mm high) plate number in any face to back combination you have a mule.
